Proxy Statement
2019 ANNUAL MEETING

The enclosed proxy is solicited by the board of directors of ORBCOMM Inc. for use in voting at the 2019 Annual Meeting of Shareholders of ORBCOMM Inc. to be held on April 17, 2019, and any postponements, adjournments or delays thereof (the “Annual Meeting” or the “2019 Annual Meeting”), for the purposes set forth in the accompanying Notice of 2019 Annual Meeting of Shareholders. This proxy statement and the proxy are first being sent to shareholders and being made available on the Internet (www.edocumentview.com/orbc) on or about March 15, 2019. We will refer to our company in this proxy statement as “we”, “us”, the “Company” or “ORBCOMM”.

GENERAL INFORMATION ABOUT THIS PROXY STATEMENT AND THE ANNUAL MEETING

What am I Voting On at the Annual Meeting?

You will be voting on the following:

- The election of two members of our board of directors;
- The ratification of the appointment of Grant Thornton LLP (“Grant Thornton”) as our independent registered public accounting firm for our fiscal year ending December 31, 2019; and
- An advisory vote to approve the Company’s executive compensation.

Who is Entitled to Vote at the Annual Meeting?

Only holders of record of the Company’s common stock and Series A convertible preferred stock at the close of business on March 1, 2019, the record date for the meeting, may vote at the Annual Meeting. Each shareholder is entitled to one vote for each share of our common stock and 1.66611 votes for each share of Series A convertible preferred stock, in each case held on the record date. There is no cumulative voting. On March 1, 2019, the record date for the Annual Meeting, there were 79,417,743 shares of our common stock and 39,442 shares of our Series A convertible preferred stock outstanding and entitled to vote.

Who may Attend the Annual Meeting?

All shareholders as of the record date, or individuals holding their duly appointed proxies, may attend the Annual Meeting. Please note that if you hold your shares through a broker, bank or other nominee in “street name”, you will need to provide a copy of a brokerage statement reflecting your stock ownership as of the record date to be admitted to the Annual Meeting. If you want directions to the Annual Meeting, they can be obtained by contacting Robin Zimmer at (703) 433-6304.

How Do I Vote My Shares?

Whether or not you plan to attend the Annual Meeting, we urge you to vote your shares right away. Voting now will not affect your right to attend or your ability to vote at the Annual Meeting.

If you are a registered shareholder (that is, your shares are registered directly in your name through our stock transfer agent, Computershare, or you have stock certificates), you may vote:

- *By mail.* Complete and mail the enclosed proxy card in the enclosed postage prepaid envelope. Your proxy will be voted in accordance with your instructions. If you sign the proxy card but do not specify how you want your shares voted, they will be voted as recommended by our board of directors.
- *By Internet or telephone.* Registered shareholders may vote on the Internet at www.envisionreports.com/orbc by following the instructions on your screen, or by telephone by dialing 1-800-652-VOTE (8683). Please have your proxy card ready when voting by Internet or telephone.
- *In person at the meeting.* If you attend the meeting, you may deliver your proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

[Table of Contents](#)

If your shares are held in “street name” (that is, held through a brokerage firm, bank, broker-dealer or other similar organization or nominee), you must provide the brokerage firm, bank, broker-dealer or other similar organization or nominee with instructions on how to vote your shares and can do so as follows:

- *By mail.* You will receive instructions from your broker or other nominee explaining how to vote your shares.
- *By Internet or telephone.* Street name holders may vote on the Internet at www.envisionreports.com/orbc and following the instructions on your screen, or by telephone by dialing 1-800-652-VOTE (8683). Please have your proxy card ready when voting by Internet or telephone.
- *In person at the meeting.* Contact the broker or other nominee who holds your shares to obtain a “legal” proxy from the broker or other nominee and bring it with you to the meeting. You will not be able to vote at the meeting unless you have a legal proxy from your broker. You will also need to sign a ballot in order to have your vote counted.

If you hold your shares of common stock in more than one account, you will receive a proxy card for each account. To ensure that all of your shares are voted, please sign, date and return the proxy card for each account. You should vote all of your shares of common stock.

How Will My Proxy Be Voted?

If you use the telephone or Internet voting procedures or duly complete, sign and return a proxy card to authorize the named proxies to vote your shares, your shares will be voted as specified. If your proxy card is signed but does not contain specific instructions, your shares will be voted as recommended by our board of directors: “FOR” the election of the nominees for directors set forth herein, “FOR” ratification of the appointment of the independent registered public accounting firm, and “FOR” approval of executive compensation. In addition, if other matters come before the Annual Meeting, the persons named as proxies in the proxy card will vote in accordance with their best judgment with respect to such matters.

Even if you plan on attending the Annual Meeting, we urge you to vote now by giving us your proxy. This will ensure that your vote is represented at the Annual Meeting. If you do attend the Annual Meeting, you can change your vote at that time, if you then desire to do so.

If My Shares Are Held in “Street Name,” How Will My Broker Vote?

If your brokerage firm, bank, broker-dealer or other similar organization is the holder of record of your shares (that is, your shares are held in “street name”), you will receive voting instructions from the holder of record. You must follow these instructions in order for your shares to be voted. Your broker is required to vote those shares in accordance with your instructions. If you do not give instructions to your broker, your broker will not be able to vote your shares with respect to the election of directors (Proposal 1), or the advisory vote to approve executive compensation (Proposal 3), but may vote your shares in its discretion with respect to the ratification of the appointment of the independent registered public accounting firm (Proposal 2). **We urge you to instruct your broker or other nominee how to vote your shares by following those instructions.**

May I Revoke My Proxy?

For shareholders of record, whether you vote via the Internet, by telephone or by mail, you may revoke your proxy at any time before it is voted by:

- delivering a written notice of revocation to the Secretary of the Company so long as it is received prior to the Annual Meeting;
- casting a later vote using the telephone or Internet voting procedures;
- submitting a properly signed proxy card with a later date so long as it is received prior to the Annual Meeting; or
- voting in person at the Annual Meeting.

[Table of Contents](#)

Will My Vote be Confidential?

It is our policy to keep confidential all proxy cards, ballots and voting tabulations that identify individual shareholders, except as may be necessary to meet any applicable legal requirements and, in the case of any contested proxy solicitation, as may be necessary to permit proper parties to verify the propriety of proxies presented by any person and the results of the voting. The independent inspector of election and any employees involved in processing proxy instructions and cards or ballots and tabulating the vote are required to comply with this policy of confidentiality.

How Many Votes are Needed to Approve a Proposal?

Election of Directors (Proposal 1). Directors are elected by a plurality of votes cast. This means that the two nominees for election as directors who receive the greatest number of votes cast by the holders of our common stock and Series A convertible preferred stock entitled to vote at the meeting, a quorum being present, will become directors.

Selection of our Independent Registered Public Accounting Firm (Proposal 2); Advisory Vote to Approve Executive Compensation (Proposal 3). An affirmative vote of the holders of a majority of the voting power of our common stock and Series A convertible preferred stock present in person or represented by proxy and entitled to vote on the matter, a quorum being present, is necessary to (1) ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm and (2) approve our executive compensation.

What Constitutes a Quorum for the Meeting?

The presence in person or by proxy of a majority of the votes represented by shares of our common stock and Series A convertible preferred stock, considered together as a single class, outstanding on the record date is required for a quorum. As of March 1, 2019, there were 79,483,457 votes represented by outstanding shares of our common stock and Series A convertible preferred stock.

How are Votes Counted?

Under Delaware law and our Restated Certificate of Incorporation and By-Laws, all votes entitled to be cast by shareholders present in person or represented by proxy at the meeting and entitled to vote on the subject matter, whether those shareholders vote “for”, “against” or abstain from voting, will be counted for purposes of determining the minimum number of affirmative votes required for approving Proposals 2 and 3. The shares of a shareholder who abstains from voting on a matter or whose shares are not voted by reason of a broker non-vote on a matter will be counted for purposes of determining whether a quorum is present at the meeting. An abstention from voting on a matter by a shareholder present in person or represented by proxy at the meeting has no effect on the election of directors, but has the same legal effect as a vote “against” Proposals 2 and 3. A broker non-vote on a matter is not deemed to be present or represented by proxy for purposes of determining whether shareholder approval of the matter is obtained and has no effect on the election of directors or on Proposal 2 or 3.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to be Held on April 17, 2019.

The proxy statement and annual report to stockholders are available at: www.edocumentview.com/orbc.

ELECTION OF DIRECTORS (PROPOSAL 1)

Our Restated Certificate of Incorporation provides that the board of directors will consist of three classes of directors, as nearly equal in number as possible, serving staggered three-year terms. One class of directors is elected each year with terms extending to the third annual meeting after such election.

There are currently nine directors who are evenly divided among the three classes of directors. The terms of the three current Class I directors expire at the 2019 Annual Meeting and Didier Delepine and Gary Ritondaro will not stand for reelection at the 2019 Annual Meeting. In order to maintain a more even balance among the classes of directors, the board determined that Denise Gibson, who is currently a Class III director with a term expiring at our 2021 annual meeting of stockholders, be moved to Class I and stand for election at the 2019 Annual Meeting. The board has designated Karen Gould and Denise Gibson, upon the recommendation of the Nominating and Corporate Governance Committee, as nominees for election as directors at the 2019 Annual Meeting, with terms expiring at the 2022 Annual Meeting of Shareholders. Following the 2019 Annual Meeting, assuming the two Class I nominees are elected, there will be seven directors, consisting of two Class I directors, three Class II directors and two Class III directors.

Proxies properly submitted will be voted at the meeting, unless authority to do so is withheld, for the election of the two nominees specified in “Class I — Nominees for Election as Directors with Terms Expiring in 2022” below. If for any reason any of those nominees is not a candidate when the election occurs (which is not expected), proxies and shares properly authorized to be voted will be voted at the meeting for the election of a substitute nominee as selected by the board of directors, and the Company will provide shareholders with the required biographical information of such substitute nominee in advance of the meeting.

A plurality of the votes cast in person or by proxy at the Annual Meeting and entitled to vote is required to elect directors. Under the rules of the New York Stock Exchange, brokers who hold shares in “street name” do not have the authority to vote on the election of directors when they do not receive instructions from beneficial owners. Accordingly, a broker non-vote will not be counted as a vote to elect directors.

INFORMATION AS TO NOMINEES FOR DIRECTORS AND CONTINUING DIRECTORS

For each director nominee and each continuing director, we have stated the nominee’s or continuing director’s name, age and principal occupation; his or her position, if any, with the Company; his or her period of service as a director of the Company; his or her business experience for at least the past five years; other directorships held; and the experiences, qualifications, attributes or skills that led the Nominating and Corporate Governance Committee to conclude that the person should serve as a director of the Company. BOARD OF DIRECTORS AND COMMITTEES

Our business is managed under the direction of the board of directors. Our board of directors has the authority to appoint committees to perform certain management and administration functions. We currently have an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee, composed of at least three members each.

The functions of each of our board committees are described below. The duties and responsibilities of each committee are set forth in committee charters that are available on our website at www.orbcomm.com under the heading “Investors” and the subheading “Corporate Governance”. The committee charters are also available in print to any shareholder upon request. The board of directors held six meetings during fiscal year 2018. All directors attended at least 75% of the aggregate meetings of the board and committees on which they served. Directors are expected to attend the Annual Meeting. All of our directors then in office attended the 2018 Annual Meeting.

The board has reviewed the independence of its members considering the independence criteria of The Nasdaq Stock Market, or Nasdaq, and any other commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships between the directors and the Company. Based on this review, the board has determined that none of the current directors, other than Jerome B. Eisenberg (a former executive officer of the Company) and Marc J. Eisenberg (an executive officer of the Company), has a material relationship with the Company and each of Marco Fuchs, Denise Gibson, Karen Gould, Timothy Kelleher and John Major meets the independence requirements of Nasdaq. In connection its independence determination for Mr. Fuchs, our board specifically determined, in February 2019, that Mr. Fuchs (i) is a person who satisfies the independence requirements under Rule 5605(a)(2) of the Nasdaq rules and (ii) is free of any other relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director of the Company.

The independent directors meet in executive session without the presence of any executive officer or member of management at least twice a year in conjunction with regular meetings of the board. A director designated by the independent directors will chair the session. The independent directors generally designate the chair of one of the board committees as chair, depending upon whether the principal items to be considered at the session are within the scope of the applicable committee.

Board Leadership Structure. The board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board or whether the Chairman should be a member of management or a non-management director, as the board believes it is in the best interests of the Company to make that determination based on the position and direction of the Company and the membership of the board. In 2008, in connection with the transition of the Chief Executive Officer position from Jerome Eisenberg to Marc Eisenberg, the board determined that having Jerome Eisenberg continue in his role as Chairman of the Board in a non-executive capacity would provide continuity in the board’s leadership and allow the Chief Executive Officer to focus on the management of the Company’s day-to-day operations. In addition, as the former Chief Executive Officer, Jerome Eisenberg has extensive knowledge of the Company and its business and industry that are an invaluable resource for the board. Although Jerome Eisenberg is not an independent director due to his continued employment in a non-executive capacity and his being the father of Marc Eisenberg, our Chief Executive Officer, the board believes that this leadership structure is in the best interests of the Company’s shareholders at this time.

Audit Committee. The Audit Committee, among other things:

- reviews and oversees the integrity of our financial statements and internal controls;
- reviews the qualifications of and recommends to the board of directors the selection of, our independent auditor, subject to ratification by our shareholders, and reviews and approves their fees;
- reviews and oversees the adequacy of our accounting and financial reporting processes, including our system of internal controls and disclosure controls, and recommendations of the independent auditor with respect to our systems; and
- reviews and oversees our compliance with legal and regulatory requirements.

[Table of Contents](#)

Karen Gould, Denise Gibson and Timothy Kelleher currently serve as members of our Audit Committee. Each current member of our Audit Committee meets the independence and financial literacy requirements of Nasdaq, the SEC and applicable law. All members of our Audit Committee are able to read and understand fundamental financial statements. Compensation Committee. The Compensation Committee, among other things:

- reviews and approves corporate goals and objectives relevant to the compensation of the Chief Executive Officer, evaluates the performance of the Chief Executive Officer in light of these goals and objectives and determines and approves the level of the Chief Executive Officer’s compensation based on this evaluation;
- determines the base and incentive compensation of other senior executives and the terms of employment of senior executives, including the Chief Executive Officer;
- reviews, administers, monitors and recommends to the board of directors all executive compensation plans and programs, including incentive compensation and equity-based plans; and
- evaluates and makes recommendations regarding the compensation of non-employee directors and administration of non-employee director compensation plans or programs.

For description of the role of our executive officers on determining or recommending the amount or form of executive or director compensation, see “Compensation Discussion and Analysis — Role of Executives and Others in Establishing Compensation”.

Marco Fuchs, Karen Gould and John Major currently serve as members of our Nominating and Corporate Governance Committee. Each member of our Nominating and Corporate Governance Committee meets the independence requirement of Nasdaq and applicable law. John Major serves as chair of our Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee, then consisting of Gary Ritondaro (chair), Didier Delepine and John Major, met five times during the 2018 fiscal year.

The Nominating and Corporate Governance Committee, the Chairman of the Board and the Chief Executive Officer or other members of the board of directors may identify a need to add new members to the board or to fill a vacancy on the board. In that case, the committee will initiate a search for qualified director candidates, seeking input from other directors, and senior executives, shareholders and, to the extent it deems appropriate, third-party search firms to identify potential candidates. In February 2018, the committee engaged a nationally recognized executive search firm to assist the committee in identifying two new independent director candidates for the committee to consider. The committee evaluated qualified candidates, making its recommendation to the board, for its consideration and approval. In making its recommendations to the board, the committee considered the selection criteria for director candidates set forth in our Board Membership Criteria, including the following:

- each director candidate should have high level managerial experience in a relatively complex organization or be accustomed to dealing with complex problems.
- each director candidate should be an individual of the highest character and integrity, have experience at or demonstrated understanding of strategy/policy-setting and reputation for working constructively with others.
- each director candidate should have sufficient time available to devote to the affairs of the Company in order to carry out the responsibilities of a director.
- each director candidate should be free of any conflict of interest which would interfere with the proper performance of the responsibilities of a director.

While the board does not have a formal policy with respect to diversity, it believes that it is essential that the directors represent the balanced, best interests of the shareholders as a whole, rather than special interest groups or constituencies, and takes into consideration in assessing the overall composition and needs of the board such factors as diversity of professional experience, skills and background, age, gender, international background and specialized expertise. The committee from time to time reviews with the board our Board Membership Criteria in the context of current board composition and the Company's circumstances. The committee has also instructed its executive search firm that, among other candidate search criteria, gender, racial and ethnic diversity are important and will be given strong consideration, but not to the exclusion of other requirements. In 2018, the Board appointed two women to serve as directors, each of whom has been nominated for election at the 2019 Annual Meeting.

Our Guidelines on Corporate Governance include a director age policy, pursuant to which any director who has achieved age 75 would be subject to an annual review by the committee with respect to such director's continued service on the board, considering any factors or other information that is considered appropriate and relevant, including the director's tenure, the director's qualifications, the director's past and expected contributions to the board, the overall composition of the board and whether the director's resignation from the board would be in the best interests of the Company and its shareholders. The board, upon the recommendation of the committee, will then decide whether or not to accept the director's tendered resignation. Each nominee for director who has achieved age 75 or would achieve age 75 during his or her term if elected is required, upon his or her election, to submit a resignation conditional upon the board's acceptance in connection with the annual review.

In February 2015, Jerome Eisenberg, after achieving age 75 and upon nomination for re-election to the board, tendered his resignation as a member of the board, conditional upon the board's acceptance in connection with his annual review. The board declined to accept his resignation each year since 2016, and Mr. Eisenberg remains as a member of the board with a term expiring in 2021.

The Nominating and Corporate Governance Committee will consider director candidates recommended by our shareholders for election to the board of directors. Shareholders wishing to recommend director candidates

can do so by writing to the Secretary of ORBCOMM Inc. at 395 West Passaic Street, Suite 325, Rochelle Park, New Jersey 07662. Shareholders recommending candidates for consideration by the committee must provide each candidate's name, biographical data and qualifications. Any such recommendation should be accompanied by a written statement from the individual of his or her consent to be named as a candidate and, if nominated and elected, to serve as a director. The recommending shareholder must also provide evidence of being a shareholder of record of our common stock at the time of such recommendation. The committee will evaluate properly submitted shareholder recommendations under substantially the same criteria and substantially the same manner as other potential candidates.

In addition, our By-Laws establish a procedure with regard to shareholder proposals for the 2020 Annual Meeting, including nominations of persons for election to the board of directors, as described below under "Shareholder Proposals for Annual Meeting in 2020".

Compensation Committee Interlocks and Insider Participation. None of our executive officers currently serves or served during 2018 as a director or member of the compensation committee of another entity with an executive officer who serves on our board of directors or our Compensation Committee. For a description of the members of our Compensation Committee, see "Board of Directors and Committees — Compensation Committee".

Standards of Business Conduct. The board of directors has adopted a Standards of Business Conduct that is applicable to all of our directors, officers and employees. Any material changes made to the Standards of Business Conduct or any waivers granted to any of our directors and executive officers will be publicly disclosed in accordance with applicable Nasdaq and SEC rules. A copy of our Standards of Business Conduct is available on our website at www.orbcomm.com under the heading "Investors" and the subheading "Corporate Governance" or upon request, without charge, by contacting our Investor Relations Department by calling 703-433-6305.

Risk Oversight. The board of directors has an active role, as a whole and also at the committee level, in overseeing the management of our risks. The board has designated the Audit Committee to take the lead in overseeing risk management and pursuant to its charter, the Audit Committee reviews and discusses with management the steps management has taken to assess, monitor and control the Company's strategic, operational, financial and compliance risks, including guidelines and policies to govern the process by which such risk assessment and risk management are undertaken. The entire board is regularly informed by the Audit Committee on these matters. Notwithstanding the Audit Committee's primary risk oversight role, the entire board is actively involved in the oversight of the operational risks with respect to the Company's satellite constellation and receives regular presentations from management regarding these matters.

Communications to the Board. Shareholders and other interested parties may send communications to the board of directors, an individual director, the non-management directors as a group, or a specified committee at the following address:

DIRECTOR COMPENSATION

During fiscal year 2018, the following independent directors: Didier Delepine, Timothy Kelleher, John Major and Gary Ritondaro, each received an annual retainer of \$40,000. Karen Gould and Denise Gibson's annual retainer for 2018 was provided on a pro-rata basis, based upon the duration of their tenure as a director during fiscal 2018. In addition to the annual retainer, the chair of the Audit Committee received \$15,000 annually, while the other Audit Committee members each received \$5,000 annually. The chair of the Nominating and Corporate Governance Committee received \$10,000 annually, while the other Nominating and Corporate Governance Committee members each received \$3,000 annually. The chair of the Compensation Committee received \$12,000 annually, while the other Compensation Committee members each received \$3,000 annually. In July 2018, Meridian Compensation Partners, LLC, the Compensation Committee independent compensation consultant, delivered a report to the Compensation Committee that provided an analysis of our non-employee director compensation program against director compensation of the same 19-company peer group established for 2018 used to evaluate executive compensation. See "Compensation Discussion and Analysis" for a list of the peer group companies. Effective as of August 1, 2018, based primarily on the recommendation of Meridian, the Compensation Committee approved changes to the annual and long-term compensation provided to our non-employee directors. As a result, the annual retainer paid to all non-employee directors has been increased to \$45,000. In addition, the chair of the Audit Committee now receives \$20,000 annually, while the other Audit Committee members receive \$6,000 annually, and the Compensation Committee members, other than the chair, each receive \$5,000 annually.

Jerome Eisenberg receives an annual retainer of \$50,000 but does not receive any committee fees. Neither Marco Fuchs nor Marc Eisenberg received any retainer or committee fees for their service on the board of directors in 2018. All directors are reimbursed for reasonable expenses incurred to attend meetings of the board of directors.

Prior to August 1, 2018, annually, on or about January 2, we granted an award of time-based RSUs with a value of \$80,000 (based on the closing price of our common stock on the date of grant) to certain of our directors, which vest on January 1 of the following year. Ms. Gould's 2018 time-based RSU award, which vested on January 1, 2019, was provided on a pro-rated basis, based upon the duration of her tenure as a director during fiscal 2018. Effective as of August 1, 2018, the Compensation Committee approved an increase in the annual grant of time-based RSUs to awards of time-based RSUs with a value of \$100,000 (based on the closing price on the date of grant). Accordingly, on August 1, 2018, to reflect the increased amount, we granted an additional award of 2,109 time-based RSUs with a value of \$20,000 (based on the closing price of our common stock of \$9.48 per share on August 1, 2018), which vested on January 1, 2019, to each of Messrs. Delepine, Jerome Eisenberg, Kelleher, Major and Ritondaro and Ms. Gould. Ms. Gibson's 2018 time-based RSU award, which vested on January 1, 2019, was provided on a pro-rated basis, based upon the duration of her tenure as a director during fiscal 2018. On January 2, 2019, we granted an award of 11,750 time-based RSUs with a value of \$100,000 (based on the closing price of our common stock of \$8.51 per share on January 2, 2019) to each of Messrs. Delepine, Jerome Eisenberg, Kelleher, Major and Ritondaro, and Ms. Gibson and Gould. These RSUs will vest on January 1, 2020.

Under the terms of our directors' deferred compensation plan, a non-employee director may elect to defer all or part of the cash payment of director retainer fees until such time as shall be specified, with interest on deferred amounts accruing quarterly at 120% of the Federal long-term rate set each month by the U.S. Treasury Department. In addition, a non-employee director may elect to defer the vesting and payment of any RSU awards to a later date in lieu of the one-year vesting described above.

AUDIT COMMITTEE REPORT

The Audit Committee assists the board of directors in overseeing the accounting and financial reporting processes of the Company, the audits of the financial statements, compliance with legal and regulatory requirements and the qualifications, independence and performance of its independent registered public accounting firm.

Our roles and responsibilities are set forth in a written charter adopted by the board of directors, which is available on the Company's website at www.orbcomm.com under the heading "Investors" and the subheading "Corporate Governance". We review and reassess the charter annually, and more frequently as necessary, to address any changes in Nasdaq corporate governance and SEC rules regarding audit committees, and recommend any changes to the board of directors for approval.

Management is responsible for the preparation, presentation and integrity of the Company's financial statements. Management is also responsible for establishing and maintaining adequate internal control over financial reporting and evaluating the effectiveness of the Company's internal control over financial reporting. The Company's independent registered public accounting firm, Grant Thornton LLP ("Grant Thornton"), is responsible for performing an independent audit of the Company's financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States. Grant Thornton is also responsible for expressing an opinion on the effectiveness of the Company's internal control over financial reporting.

We are responsible for overseeing the Company's accounting and financial reporting processes. In fulfilling our responsibilities for the accounting and financial processes for fiscal year 2018, we:

- reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2018 with management and Grant Thornton;
- reviewed and discussed management's assessment of the effectiveness of the Company's internal control over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002 for the fiscal year ended December 31, 2018 and Grant Thornton's audit report on the effectiveness of internal control over financial reporting;
- discussed with Grant Thornton the matters required to be discussed by the Statement on Auditing Standards No. 16, as amended, as adopted by the Public Company Accounting Oversight Board; and
- received the written disclosures and correspondence from Grant Thornton required by applicable requirements of the Public Company Accounting Oversight Board regarding Grant Thornton's communications with the Audit Committee concerning independence. We also discussed with Grant Thornton its independence.

For information on fees paid to Grant Thornton for 2018, see "Proposal to Ratify the Appointment of Independent Registered Public Accounting Firm (Proposal 2)".

We reviewed and approved all audit and audit-related fees and services. In fulfilling our responsibilities, we met with Grant Thornton, with and without management present, to discuss the results of their audit and the overall quality of the Company's financial reporting and internal control environment. We considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that we determined appropriate.

Based on our review of the audited financial statements and discussions with, and the reports of, management and Grant Thornton, we recommended to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018 for filing with the SEC.

Compensation Committee

Our Compensation Committee assists our board of directors in fulfilling its responsibilities with respect to oversight and determination of executive compensation and human resources matters, including the compensation of the Named Executive Officers. A description of the Compensation Committee’s composition, functions, duties and responsibilities is set forth in this proxy statement under “Board of Directors and Committees — Compensation Committee”.

The Compensation Committee’s roles and responsibilities are set forth in a written charter which is available on our website at <http://investors.orbcomm.com/corporate-governance/documents-and-charters> and is available in print to any shareholder upon request.

Introduction

We use base salaries and time-based equity awards to provide current income and retention incentives and a combination of cash and stock-based compensation that reward performance measured against various corporate performance goals based on key business drivers. Our performance targets are based on our annual business plan and we believe that they are established at levels that are achievable if we execute on our business plan. By providing for significant incentives for exceeding certain targets and our business plan, we motivate our Named Executive Officers to achieve strategic business objectives that result in the creation of additional value for our stockholders over the long-term. We believe the general design of our compensation programs provides the appropriate balance for motivating and retaining our Named Executive Officers while providing appropriate rewards for demonstrated performance.

Total Target Pay Mix. The charts below show the allocation of 2018 target compensation among salary, annual cash bonus and equity-based incentives for (a) our Chief Executive Officer and (b) our other Named Executive Officers (averaged).

[Table of Contents](#)

For purposes of determining the percentages shown above, it is assumed that:

- the annual cash bonus is earned at target and the discretionary portion is paid in full;
- the target number of restricted stock units awarded have a value equal to the market value of the common stock underlying the award on the date of grant; and
- the market performance units (“MPUs”) are earned at the applicable target stock price level for each year in the three-year performance period 2018-2020. Only the MPUs granted in December 2017 relating to the 2018-2020 performance period are reflected in the charts above (MPUs granted in prior periods are not reflected in the charts above, although a portion of these awards may overlap with the MPUs relating to the 2018-2020 performance period and be earned in 2018 and later years). Since the various performance-based awards have both upside opportunity and downside risk, these percentages may not reflect the actual amounts realized.

Philosophy and Objectives of Compensation Programs

Our executive compensation philosophy is to create a system that rewards executives for performance and focuses our management team on the critical short-term and long-term objectives. The primary objectives of our executive compensation programs are to attract, motivate and retain talented and dedicated executives, to link annual and long-term cash and stock incentives to achievement of specified performance objectives, and to align executives’ incentives with stockholder value creation. To achieve these objectives, the Compensation Committee has implemented compensation programs that make a substantial portion of the executives’ overall compensation contingent upon achieving key short-term business and long-term strategic goals established by our board of directors or the Compensation Committee based on key drivers of our business, such as growth in profitability and revenue. The short-term business and long-term strategic goals consist of the financial performance, as measured by metrics such as Adjusted EBITDA (as defined below), Service and Product Revenues and Cash Generation (as defined below), all of which are important drivers of stockholder value.

The Compensation Committee’s goal is to set executive compensation at levels the committee believes are competitive against compensation offered by other rapidly growing companies of similar size and stage of development against whom we compete for executive talent in the communications industry, while taking into account our performance and our own strategic goals. To align the interests of our executives with those of our stockholders, we design our compensation packages provided to our executives, including our Named Executive Officers, to include both cash and stock-based compensation that reward performance as measured against performance goals that are expected to generate returns for our stockholders, but not for poor performance.

Compensation Committee Consideration of the Company’s 2018 Shareholder Advisory Vote on Executive Compensation

At our 2018 Annual Meeting of Stockholders, 77.8% of the shares voted on the matter approved our 2017 executive compensation. Based on this endorsement as well as a review by our independent compensation consultant (described below), there were no specific changes made to any component of our 2018 executive compensation programs. The Compensation Committee will continue to consider the outcome of say-on-pay votes when making future compensation decisions for our Named Executive Officers.

Use of Compensation Consultant

Since 2012, our Compensation Committee has regularly engaged Meridian Compensation Partners, LLC, or Meridian, as its independent compensation consultant for compensation decisions. Meridian was engaged in 2018 and provided the Compensation Committee with the following services:

- provided advice on the Company’s compensation peer group (listed below);
- provided compensation data for similarly situated named executive officers from our new peer group;
- reviewed the compensation arrangements for all of our Named Executive Officers and recommended certain salary increases for our Named Executive Officers;

Table of Contents

- reviewed and recommended certain modifications to the design of the change of control payments under the Named Executive Officers' employment agreements and equity-based incentive compensation to reflect current market practices; and
- reviewed and provided recommendations on the compensation program for our non-employee directors.

The Compensation Committee determined that Meridian is independent and that the provision of its services to the Compensation Committee did not create any conflicts of interest. The Compensation Committee has the authority to hire and terminate its compensation consultant. The Company pays the cost for the consultant's services. The Compensation Committee is responsible for assessing annually the consultant's independence and whether there are any conflicts of interest. Other than providing services as directed by the Compensation Committee, Meridian did not provide any other services to the Company. Meridian communicated with members of the Compensation Committee, both with and without management present.

Market Assessment

Our Compensation Committee made compensation decisions based on external market data including the peer group information provided by Meridian, the experiences and knowledge of each member, historical pay levels for each executive, historical and/or anticipated future corporate and individual performance, and internal pay equity. The Compensation Committee believed that this comprehensive approach was appropriate for 2018 in order to allow us to maintain a reasonable and responsible cost structure.

In July 2018, Meridian delivered a report to the Compensation Committee that provided the base salary, annual incentive cash bonus opportunities and long-term equity-based incentive compensation for named executive officers employed in comparable positions by the peer companies selected for use in 2018. For Messrs. Stolte and Malone, whose positions had insufficient functional equivalents at peer companies, Meridian used market survey data.

Executive compensation was reviewed against a revised 19-company peer group that was established for 2018 to reflect the increase in the Company's size and provide a sampling of the market, using the following broad criteria given our company's unique industry positioning:

Industry, scope of business operations, and organizational complexity: The peer group focuses principally on the following industry subcategories: communication equipment providers, internet software and services, aerospace and defense, alternative carriers and application software.

Organizational size: The peer group focuses on companies with 12-month revenues of between approximately \$117 million and \$900 million (with a median peer group revenue of \$255 million) and market capitalization of between approximately \$146 million and \$2.8 billion (with a median peer group market capitalization of \$819 million).

Based on the foregoing criteria, Meridian and the Compensation Committee analyzed the following 19-company peer group:

Aerohive Networks, Inc.	Gogo Inc.
AeroVironment, Inc.	GTT Communications, Inc.
CalAmp Corp.	Iridium Communications Inc.
Comtech Telecommunications Corp.	Ituran Location and Control Ltd.
DASAN Zhong Solutions, Inc.	Kratos Defense & Security Solutions, Inc.
The Descartes Systems Group Inc.	KVH Industries Inc.
Digi International Inc.	Sierra Wireless, Inc.
ForeScout Technologies, Inc.	Spok Holdings, Inc.
Gilat Satellite Networks Ltd.	Telenav, Inc.
Globalstar, Inc.

Although our Compensation Committee does not target any specific benchmark against the compensation levels of the peer companies, the Compensation Committee considers compensation near the 50th percentile generally to be competitive. However, actual compensation may be above or below median to reflect company performance and each Named Executive Officer's role relative to peers, as well as individual performance and potential. The Compensation Committee also considers the mix of elements and compensation strategies used by these peer companies as part of its comprehensive approach to establishing executive compensation.

Elements of Compensation

Base Salary. Base salaries are determined on an individual basis, are based on job responsibilities and individual contribution and are intended to provide our executives with current income. Base salaries for our Named Executive Officers are reviewed annually and may be adjusted to reflect any changes in job responsibilities and individual contribution, as well as competitive conditions in the market for executive talent.

Our Chief Executive Officer proposes new base salary amounts for the other Named Executive Officers to the Compensation Committee for approval based on following:

- an evaluation of individual performance and expected future contributions;
- a goal to ensure competitive compensation against the external market; and
- comparison of the base salaries of the executive officers who report directly to our Chief Executive Officer to ensure internal equity.

In December 2017, the Compensation Committee decided to maintain the base salaries of Messrs. Eisenberg, Stolte, Le Brun, Milcos and Costantini for the 2018 fiscal year at the same levels established on August 1, 2016 and to raise Mr. Malone's base salary from \$255,000 to \$275,000, effective January 1, 2018, based primarily on Meridian's recommendation, competitive market considerations, job responsibilities and individual contribution. In May 2018, Mr. Costantini's employment with the Company was terminated. In July 2018, based primarily on the results of Meridian's analysis and its recommendations, competitive market considerations, job responsibilities and individual contribution, the Compensation Committee decided to raise the base salaries for Messrs. Eisenberg and Malone for the 2018 fiscal year to \$525,000 and \$280,000, respectively, effective August 1, 2018. The base salaries of Messrs. Stolte, Le Brun and Milcos for the 2018 fiscal year remained the same.

In September 2018, in connection with Mr. Ford's appointment as Executive Vice President and Chief Financial Officer, the Compensation Committee approved his annual base salary for fiscal 2018 of \$310,000.

The annual base salaries for the Named Executive Officers currently employed by the Company for the 2019 fiscal year are currently at the same levels as established for the 2018 fiscal year.

Annual Cash Bonus. Annual cash bonuses are designed to align employees' goals with the Company's financial objectives for the current year and to reward individual performance. These objectives include financial performance targets such as Adjusted EBITDA, Service Revenues, Product Revenues and Cash Generation. Our Compensation Committee defines Adjusted EBITDA as earnings attributable to ORBCOMM Inc., before interest income (expense), provision for income taxes, loss on extinguishment of debt and depreciation and amortization, adjusted for stock-based compensation expense, net income attributable to non-controlling interests, impairment charges, non-capitalized satellite launch and in-orbit insurance, acquisition-related and integration costs and other special items. Our Compensation Committee defines Cash Generation as, on a GAAP cash flow statement basis, the Company's net change in cash for the relevant fiscal period, excluding any cash provided by financing activities and any significant change in the accounts payable balance. These performance measures were selected to align employees' goals with key drivers of our business, such as growth in profitability, revenues and cash generation, all of which are important drivers of stockholder value. These performance measures are primarily objective criteria that can be readily measured and generally do not require subjective determinations. The annual cash bonus also includes discretionary amounts which may be paid based on completion of key projects. Each Named Executive Officer (other than Mr. Milcos) is eligible to receive a target annual cash bonus, payable in cash based on a percentage of his base salary as determined by the Compensation Committee each year, subject

[Table of Contents](#)

to achieving certain performance targets. Mr. Milcos participates in the annual cash bonus pool available to our employees generally, which is allocated by our Chief Executive Officer or his designee based on individual performance, except that for 2018, Mr. Milcos was eligible for an additional special bonus opportunity of \$50,000 in recognition of his role as Interim Chief Financial Officer during the year. For the 2018 fiscal year, the Compensation Committee set each Named Executive Officer's target bonus opportunity (which is described in the table below) based on competitive market and internal pay equity considerations.

2018 Annual Cash Bonus		
	Approximate % of base salary at Target	Payment amounts at Target
Marc Eisenberg	100%	\$ 525,000
Michael Ford	75%	\$ 75,801(1)
John Stolte	50%	\$ 137,500
Christian Le Brun	70%	\$ 185,500
Craig Malone	60%	\$ 168,000
Constantine Milcos	N/A	\$ 50,000(2)
Robert Costantini	95%	\$ 304,000(3)

- (1) Prorated to reflect the number of days in the 2018 calendar year that Mr. Ford was employed by the Company.
- (2) Mr. Milcos's 2018 bonus opportunity was an amount determined by the Compensation Committee and payable at the same time that annual cash bonuses are paid to our employees generally.
- (3) Upon Mr. Costantini's termination of employment on May 21, 2018, his 2018 annual cash bonus opportunity was forfeited.

On December 12, 2017, our Compensation Committee established 2018 financial performance targets for which annual bonuses would be paid to Messrs. Eisenberg, Stolte, Le Brun, Malone and Costantini based on achieving those targets. In September 2018, in connection with Mr. Ford's appointment as Executive Vice President and Chief Financial Officer, the Compensation Committee established 2018 financial performance targets for which an annual cash bonus would be paid to Mr. Ford based on achieving those targets, including the Cash Generation performance measure for 2018. The 2018 Cash Generation performance measure was defined as, on a GAAP cash flow statement basis, the Company's net change in cash for the period July 1, 2018 through December 31, 2018, excluding any cash provided by financing activities and any significant change in the accounts payable balance.

The 2018 financial performance targets for each of Messrs. Eisenberg, Ford, Stolte, Le Brun, Malone, Milcos and Costantini, and the relative weighting of such performance targets as a percentage of their annual bonus opportunities are set forth in the following table:

2018 Performance targets	Marc Eisenberg	Michael Ford	John Stolte	Christian Le Brun	Craig Malone	Constantine Milcos	Robert Costantini(1)
Fiscal 2018 Adjusted EBITDA	55%	55%	55%	55%	55%	—	55%
Service Revenues	15%	10%	15%	15%	15%	—	15%
Product Revenues	15%	10%	15%	15%	15%	—	15%
Discretionary	15%	15%	15%	15%	15%	100%	15%
Cash Generation	—	10%	—	—	—	—	—
	100%	100%	100%	100%	100%	100%	100%

- (1) Upon Mr. Costantini's termination of employment on May 21, 2018, his 2018 annual cash bonus opportunity was forfeited.

For 2018, bonuses were not earned unless at least a threshold level of performance was achieved (*i.e.*, 83% of target for Fiscal 2018 Adjusted EBITDA, 94% of target for Service Revenues, 88% of target for Product

[Table of Contents](#)

Revenues and over \$0 for Cash Generation). Achieving threshold performance for each of the Fiscal 2018 Adjusted EBITDA, Service Revenues and Product Revenues performance measures would result in payment of 50% of the award payable for such target performance for each of the Named Executive Officers. If the Cash Generation performance measure falls between the threshold amount and the target amount, the applicable vesting percentage will be interpolated on a straight-line basis between 0% and 100%.

For 2018, achieving maximum performance of the Fiscal 2018 Adjusted EBITDA performance measure (*i.e.*, 117% of target for Fiscal 2018 Adjusted EBITDA) would result in payment of approximately 244% of the award payable for target performance for Messrs. Eisenberg, Ford and Costantini, and approximately 175% of the award payable for target performance for Messrs. Stolte, Le Brun and Malone. For performance between threshold and target performance levels, the award payable for these Named Executive Officers would be calculated on a linear sliding scale basis. For performance between target and maximum performance levels, the award payable would be calculated on a sliding scale basis which increases more rapidly when actual performance exceeds the target performance level. For Messrs. Eisenberg, Ford and Costantini, the sliding scale increases at a higher percentage rate than the sliding scale applicable to Messrs. Stolte, Le Brun and Malone.

Achieving maximum performance of the Service Revenues performance measure (*i.e.*, 106% of target) and Product Revenue performance measure (*i.e.*, 112% of target) would result in payment of 200% of the award payable for target performance for Messrs. Eisenberg, Ford and Costantini and approximately 175% of the award payable for target performance for Messrs. Stolte, Le Brun and Malone. For performance between threshold and target performance levels, the award payable for these Named Executive Officers would be calculated on a linear sliding scale basis. For performance between target and maximum performance levels, the award payable would be calculated on a linear sliding scale basis for Messrs. Eisenberg, Ford and Costantini and on a sliding scale basis which increases more rapidly when actual performance exceeds the target performance level for Messrs. Stolte, Le Brun and Malone.

Achieving maximum performance of the Cash Generation performance measure (*i.e.*, 100% of target) would result in payment of 100% of the award payable for target performance for Mr. Ford. For performance between the threshold amount and target performance levels, the award payable for Mr. Ford would be calculated on a linear sliding scale basis between 0% and 100%.

The following tables summarize the payouts at the threshold, target and maximum performance levels with respect to the Fiscal 2018 Adjusted EBITDA, Service Revenues, Product Revenues and Cash Generation performance measures for each of the Named Executive Officers (other than Mr. Milcos):

(2) Upon Mr. Costantini's termination of employment on May 21, 2018, his 2018 annual cash bonus opportunity was forfeited.

On January 24, 2019, our Compensation Committee awarded the discretionary bonus component for Messrs. Eisenberg, Ford, Stolte, Le Brun and Malone, in full based on completion of certain key projects, such as margin improvement and new products and services development and effective upon completion of the 2018 fiscal year financial audit confirming the 2018 performance target results presented to the Compensation Committee (which occurred on March 1, 2019). Mr. Milcos received a 2018 annual cash bonus of \$165,000, which represented a discretionary payment of \$115,000 from the annual cash bonus pool and payment of his \$50,000 special bonus opportunity in full, in recognition of his service as Interim Chief Financial Officer during 2018 and his continued employment, which was paid at the same time as annual cash bonuses were paid to our employees generally.

- (1) While the Company reported Adjusted EBITDA of approximately \$57,000,000 in 2018, our Compensation Committee determined that for purposes of 2018 cash and equity performance awards, it would be appropriate to exclude certain unbudgeted employee and executive search firm expenses and the estimated impact of the Company's inventory reduction plan, which otherwise reduced Adjusted EBITDA, in determining that the Adjusted EBITDA performance target for 2018 had been achieved at a level of \$60,000,000.
- (2) While the Company reported Service Revenues of approximately \$153,500,000 in 2018, our Compensation Committee determined that for purposes of 2018 cash and equity performance awards, it would be appropriate to exclude the estimated impact of the Company's decision to shift away from negative margin installation Service Revenue, which otherwise decreased Service Revenues, in determining that the Service Revenue performance target for 2018 had been achieved at a level of \$155,500,000.
- (3) Other than for Mr. Milcos, whose bonus amount was paid based on his service as Interim Chief Executive Officer during 2018 and his continued employment.

On January 24, 2019, our Compensation Committee determined that the following performance-based annual incentive bonus payout amounts relating to achievement against 2018 financial performance targets would be paid to the Named Executive Officers (other than Mr. Milcos), effective upon completion of the 2018 fiscal year financial audit confirming the 2018 performance target results presented to the Compensation Committee (which occurred on March 1, 2019):

<u>2018 Performance targets</u>	<u>Marc Eisenberg</u>	<u>Michael Ford</u>	<u>John Stolte</u>	<u>Christian Le Brun</u>	<u>Craig Malone</u>	<u>Constantine Milcos(1)</u>
Fiscal 2018 Adjusted EBITDA	\$288,750	\$37,901	\$ 75,625	\$101,495	\$ 94,248	\$ —

	\$495,469	\$72,485	\$129,766	\$175,023	\$161,207	\$165,000

- (1) Mr. Milcos's 2018 annual cash bonus amount of \$165,000, which represented a discretionary payment of \$115,000 from the annual cash bonus pool and payment his \$50,000 special bonus opportunity in full, was paid based on his service as Interim Chief Executive Officer during 2018 and his continued employment.

[Table of Contents](#)

For purposes of illustrating the payout amount for Mr. Le Brun (whose base salary as of the end of fiscal year 2018 was \$265,000) with respect to the Product Revenues performance measure, the calculation (with 2018 Product Revenues of \$122,500,000, as described above, which did not exceed the target level of \$127,000,000) is as follows:

Mr. Le Brun's target payout amount for the Product Revenues performance measure is calculated as approximately 10.5% of his base salary, or \$28,011. The \$28,011 is then multiplied by a factor of approximately 75%, representing a discount to reflect the \$4,500,000 difference of Product Revenues below the \$127,000,000 target, resulting in a payout amount of \$21,008.

2019 Financial Performance Targets

On December 11, 2018, our Compensation Committee established 2019 financial performance targets for which annual bonuses will be paid to Messrs. Eisenberg, Ford, Stolte, Le Brun and Malone based on achieving financial performance targets. The 2019 annual target bonus opportunities as a percentage of base salary are set forth in the following table:

	2019 Annual Cash Bonus	
	Approximate % of base salary at Target	Payment amounts at Target
Marc Eisenberg	100%	\$ 525,000
Michael Ford	75%	\$ 232,500
John Stolte	50%	\$ 137,500
Christian Le Brun	70%	\$ 185,500
Craig Malone	61%	\$ 170,800

The 2019 financial performance targets are substantially similar to those for 2018, with the inclusion of a full year Cash Generation performance measure for fiscal 2019. The 2019 financial performance targets and the relative weighting of such performance targets as a percentage of the annual bonus opportunities are set forth in the following table:

2018 Performance targets	Marc Eisenberg	Michael Ford	John Stolte	Christian Le Brun	Craig Malone
Fiscal 2019 Adjusted EBITDA	50.0%	50.0%	50.0%	50.0%	50.0%

Long-Term Equity-Based Incentives. In addition to the short-term cash compensation payable to our Named Executive Officers, our Compensation Committee believes that the interests of our stockholders are best served when a substantial portion of our Named Executive Officers' compensation is comprised of equity-based and other long-term incentives that appreciate in value contingent upon increases in the share price of our common stock and other indicators that reflect improvements in business fundamentals. Therefore, it is our Compensation Committee's intention to make grants of equity-based awards to our Named Executive Officers and other key employees at such times and in such amounts as may be required to accomplish the objectives of our compensation programs. Please see the Grants of Plan Based awards table and the accompanying narrative disclosures set forth in this proxy statement for more information regarding the grants of equity plan-based awards to our Named Executive Officers in fiscal year 2018.

[Table of Contents](#)

For the equity-based and other long-term incentives, the table below summarizes the allocation of equity-based awards granted for fiscal year 2019 to each of our continuing Named Executive Officers among performance-based restricted stock units (“RSUs”), time-based RSUs and market performance units (“MPUs”) and the grant date values for each type of award:

Constantine Milcos	50%	\$ 25,000	50%	\$ 25,000	— %	\$ —

- (1) The amounts set forth in the “Grant-date value at Target” column for performance-based and time-based RSUs represent the market value of the common stock underlying the RSUs on the date of grant.
- (2) The amounts set forth in the “Grant-date value at Target” column for the MPUs represent the dollar value of the award assuming the stock price achieves the applicable target stock price level for each year in the three-year performance period 2019-2021.

We have not timed grants of equity-based awards in coordination with the release of non-public information nor have we timed the release of non-public information for the purpose of affecting the value of executive compensation.

Under the 2016 Long Term Incentives Plan (“2016 LTIP”), the Compensation Committee has the ability to provide a number of equity-based awards, including RSUs, SARs, stock options, common stock, restricted stock, MPUs and performance shares to promote our long-term growth and profitability. Since 2016, our equity based incentives have been a mix of RSUs (performance-based and time-based) and MPUs. This combination of equity-based incentives is intended to benefit stockholders by enabling us to better attract and retain top talent in a marketplace where such incentives are prevalent. We believe that RSUs and MPUs provide effective vehicles for promoting a long-term share ownership perspective for our senior management and employees and closely align the interests of senior management and employees with our achievement of longer-term financial objectives that enhance stockholder value, while at the same time limiting the dilutive effects of granting stock options. Our stock compensation plan is the principal method by which our executive officers acquire equity or equity-based interests in us.

2018 Time-based and Performance-based RSU grants. A restricted stock unit, or RSU, is a contractual right to receive at a specified future vesting date an amount in respect of each RSU based on the fair market value on such date of one share of our common stock, subject to such terms and conditions as the Compensation Committee may establish. RSUs that become payable in accordance with their terms and conditions will be settled in cash, shares of our common stock, or a combination of cash and our common stock, as determined by the Compensation Committee. The Compensation Committee may provide for the accumulation of dividend equivalents in cash, with or without interest, or the reinvestment of dividend equivalents in our common stock held subject to the same conditions as the RSU and such terms and conditions as the Compensation Committee may determine. No participant who holds RSUs will have any ownership interest in the shares of common stock to which such RSUs relate until and unless payment with respect to such RSUs is actually made in shares of common stock. Vested and unvested RSUs awarded to certain of our employees, including our Named Executive Officers, will be subject to forfeiture in the event such employees breach their non-competition and/or non-solicitation covenants set forth in their award agreements and unvested RSUs are subject to cancellation if, prior to vesting, such employees ceased to be employed by us for any reason.

Table of Contents

On December 12, 2017, the Compensation Committee granted time-based RSUs under the 2016 LTIP, which vested on January 1, 2019, and performance-based RSUs under the 2016 LTIP relating to 2018 financial performance targets that we believe are important to our long-term success. Each of the fiscal 2018 performance target components and the percentages for each component with respect to Messrs. Eisenberg, Stolte, Le Brun, Malone and Costantini, were the same as those for their 2018 annual cash bonuses described above under “— Annual Cash Bonus”. For Mr. Milcos, the fiscal 2018 performance target components for performance-based RSUs and the percentages for each component was as follows:

<u>2018 Performance targets</u>	<u>Constantine Milcos</u>
Fiscal 2018 Adjusted EBITDA	55%
Service Revenues	15%
Product Revenues	15%
Discretionary	15%
	100%

The Compensation Committee, in consultation with management and its independent compensation consultant, linked target performance levels to these measures, as we believe that each of them is an important factor in our revenue growth and for sustaining our business model.

On December 12, 2017, the Compensation Committee granted the following awards of time-based RSUs and performance-based RSUs under the 2016 LTIP to the following Named Executive Officers of the Company as part of their 2018 compensation:

	<u>Time-Based RSUs</u>	<u>Performance-Based RSUs</u>
Marc Eisenberg	32,565	32,565
Christian Le Brun	6,262	6,263
Craig Malone	5,010	5,010
John Stolte	6,262	6,263
Constantine Milcos	2,004	2,004
Robert Costantini(1)	7,530	7,530

- (1) In connection with the termination of Mr. Costantini’s employment, Mr. Costantini was permitted to continue to vest in these time-based RSU and performance-based RSU awards on their original vesting dates as if he remained employed by the Company through the applicable vesting dates, subject, in the case of the performance-based RSUs, to achievement of the performance targets established for fiscal year 2018.

On July 31, 2018, based on the recommendations of Meridian to more closely align the Company’s long-term incentive awards to peer group median and other inputs, the Compensation Committee granted additional awards of time-based and performance-based RSUs under the 2016 LTIP to the following Named Executive Officers of the Company then in office as part of their 2018 compensation:

	<u>Time-Based RSUs</u>	<u>Performance-Based RSUs</u>
Marc Eisenberg	25,000	25,000
Christian Le Brun	5,000	5,000
Craig Malone	5,000	5,000
John Stolte	2,500	2,500
Constantine Milcos	10,000	10,000

The time-based RSUs vested on January 1, 2019. The performance-based RSUs vest in 2019 upon the Compensation Committee’s determination that the performance criteria for (and the extent to which) the Cash

Generation performance measure for 2018 have been achieved. For purposes of the performance-based RSUs, the Cash Generation performance measure is defined as, on a GAAP cash flow statement basis, the Company's net change in cash for the period July 1, 2018 through December 31, 2018, excluding any cash provided by financing activities and any significant change in the accounts payable balance. If the Cash Generation performance measure equals or exceeds the specified target amount, the performance-based RSUs will vest 100%. If the Cash Generation performance measure falls between \$1 and the target amount, the applicable vesting percentage will be interpolated on a straight-line basis between 0% and 100%. For Mr. Milcos, 5,000 of the performance-based RSUs were based on the Fiscal 2018 Adjusted EBITDA performance measure. The time-based and performance-based RSUs are otherwise subject to the same terms and conditions of the 2016 LTIP and award agreements as the Company's regular annual grants of time-based and performance-based RSUs made in December 2017.

On January 24, 2019, our Compensation Committee determined that performance-based RSU awards granted to the Named Executive Officers with respect to the 2018 fiscal year would vest based on achievement of the applicable target levels described above under "2018 Financial Targets and Results", effective upon completion of the 2018 fiscal year financial audit confirming the 2018 performance target results presented to the Compensation Committee (which occurred on March 1, 2019), as set forth below:

2018 Performance targets	Marc Eisenberg	Michael Ford(1)	John Stolte	Christian Le Brun	Craig Malone(1)	Constantine Milcos	Robert Costantini(2)
Fiscal 2018 Adjusted EBITDA	17,911	2,325	3,445	3,445	2,756	6,102	4,142
Service Revenues	4,298	613	826	826	661	264	994
Product Revenues	3,663	348	704	704	564	225	847
Cash Generation	25,000	465	2,500	5,000	5,000	5,000	—
Discretionary	4,884	699	940	940	750	300	1,128
	55,756	4,450	8,415	10,915	9,731	11,891	7,111

- (1) Amounts are prorated to reflect the number of days in the 2018 calendar year that Mr. Ford was employed by the Company.
- (2) In connection with the termination of Mr. Costantini's employment, Mr. Costantini was permitted to continue to vest in these performance-based RSU awards on their original vesting date as if he remained employed by the Company through the applicable vesting date, subject to achievement of the performance targets established for fiscal year 2018.

2019 Time-based and Performance-based RSU grants. On December 11, 2018, the Compensation Committee granted time-based RSUs and performance-based RSUs under the 2016 LTIP relating to 2019 financial performance targets that we believe are important to our long-term success. The time-based RSUs vest on January 1, 2020 and the Compensation Committee believes that the vesting periods in connection with these time-based RSU awards are appropriate because they are intended to help retain employees, including executives, by rewarding them for continued service with us. Each of the fiscal 2019 performance target components and the percentages for each component with respect to Messrs. Eisenberg, Ford, Stolte, Le Brun and Malone are the same as those for their 2019 annual cash bonuses described above under "— Annual Cash Bonus". For Mr. Milcos, the fiscal 2019 performance target components for performance-based RSUs and the percentages for each component was as follows:

2019 Performance targets	Constantine Milcos
Fiscal 2019 Adjusted EBITDA	55.0%
Service Revenues	12.5%
Product Revenues	12.5%
Cash Generation	10.0%
Discretionary	15.0%
	100.0%

The Compensation Committee, in consultation with management and its independent compensation consultant, linked target performance levels to these measures, as we believe that each of them is an important factor in our revenue growth and for sustaining our business model. The Compensation Committee believes that the vesting periods in connection with these performance-based RSU awards are appropriate because they allow the Compensation Committee to formulate performance targets annually that are aligned with our dynamic business plans and external factors.

On December 11, 2018, the Compensation Committee granted the following awards of time-based RSUs and performance-based RSUs under the 2016 LTIP to the following Named Executive Officers of the Company as part of their 2019 compensation:

	Time-Based RSUs	Performance-Based RSUs
Marc Eisenberg	55,248	55,249
Michael Ford	16,574	16,575
Christian Le Brun	11,049	11,050
Craig Malone	11,049	11,050
John Stolte	9,668	9,669
Constantine Milcos	2,763	2,762

MPU Grants. A market performance unit, or MPU is a long-term equity-based award denominated in dollars representing up to 45% of the grantee's base salary, which vests based on achieving stock price targets over a specified three-year performance period. One-third of the MPUs will vest at the end of each one-year performance period if the Company meets the specified stock price target. The value of the MPUs that will be earned each year ranges from 7.5% to 15% of each of the Named Executive Officers' base salary for the year in which the MPUs were granted depending on the Company's stock price performance for that year above the specified minimum target price. Under the terms of the MPUs, the annual stock price is calculated by using the average daily closing price of the Company's common stock for 20 trading days preceding December 31 of the relevant fiscal year. The payout amounts for the MPUs may be paid in cash, stock or a combination of both as determined by the Compensation Committee. If paid in common stock, the payout amount will be calculated based upon the fair market value of the Company's common stock on the trading day immediately preceding the payout date. Payment whether paid in cash, common stock or a combination of both must be paid by March 15th of the calendar year immediately following the year in which each performance period ends. If the stock price at the end of each annual year is below the minimum stock price, the payout amounts will be zero. If the stock price meets the minimum stock price for each year, the payout amount will be equal to 7.5% of the grantee's base salary for the year in which the MPUs were granted. If the stock price falls between the minimum and target stock price for each year, the payout amounts will be interpolated on a straight-line basis between the minimum and target stock prices.

MPUs 2016-2018 Performance Cycle. On December 15, 2015, the Compensation Committee granted MPUs to Messrs. Eisenberg, Stolte, Le Brun, Malone and Costantini for the three-year performance period which ends on December 31, 2018 (the "2016-2018 MPUs"). On January 1, 2017, the first third of the 2016-2018 MPUs vested based on the stock price performance for 2016 exceeding the specified target price of \$7.00 per share. The payout amounts for Messrs. Eisenberg, Stolte, Le Brun, Malone and Costantini were 15% of their respective 2016 base salaries and were paid solely in cash: Mr. Eisenberg — \$67,500; Mr. Stolte — \$38,700; Mr. Le Brun — \$36,750; Mr. Malone — \$33,750; and Mr. Costantini — \$46,500. Health and Welfare Benefits

Our Named Executive Officers participate in a variety of retirement, health and welfare, and vacation benefits designed to enable us to attract and retain our workforce in a competitive marketplace. Health and welfare and vacation benefits help ensure that we have a productive and focused workforce through reliable and competitive health and other benefits. Generally, these programs are the same offered to all employees.

Perquisites

Our Named Executive Officers are provided a limited number of perquisites whose primary purpose is to minimize distractions from the executives' attention to the Company's business.

The principal perquisites offered to our Named Executive Officers are car allowances and life insurance premiums. Please see the Summary Compensation Table and accompanying narrative disclosures set forth in this proxy statement for more information on perquisites and other personal benefits we provide to our Named Executive Officers.

401(k) Plan

We maintain a 401(k) retirement plan intended to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended (the "Code"). The plan is a defined contribution plan that covers all our

[Table of Contents](#)

employees who have been employed for three months or longer, beginning on the date of employment. Employees may contribute up to 15% of their eligible compensation (subject to certain limits) as pretax, salary deferral contributions. In addition, the plan contains a discretionary contribution component pursuant to which we may make an additional annual contribution. Contributions made by us vest over a five-year period from the employee's date of employment. We match the amount contributed by each employee up to 3% of the employee's salary.

Employee Stock Purchase Plan

We maintain the ORBCOMM Inc. Employee Stock Purchase Plan ("ESPP") for certain eligible employees (including all of our Named Executive Officers), as approved by our stockholders on April 20, 2016. Our ESPP provides eligible employees with the opportunity to acquire our common stock through periodic payroll deductions, at up to 15% discount for each share of common stock, subject to certain conditions and limitations. No matching company contributions are made to our ESPP. Our ESPP is structured in the U.S. as a qualified employee stock purchase plan under Code Section 423. In order to qualify for favorable U.S. federal income tax treatment, the required holding period for stock purchased our ESPP is the later of either: (i) two years after the purchase right is granted or (ii) one year after the purchase right is exercised and the common stock is purchased. No purchase rights may be granted, unless such grant is compliant with relevant federal law and our insider trading policy.

Severance and Change of Control Benefits

Severance and change of control benefits are designed to facilitate our ability to attract and retain executives as we compete for talented employees in a marketplace where such protections are commonly offered. The severance and change of control benefits found in the Named Executive Officers' employment agreements are designed to encourage employees to remain focused on our business in the event of rumored or actual fundamental corporate changes.

Severance Benefits. Our employment agreements with the Named Executive Officers (other than Messrs. Ford, Milcos and Costantini), effective March 1, 2019, provide that upon an involuntary termination of employment will pay to the terminated Named Executive Officer cash severance and other benefits in an amount consistent with competitive practice. These benefits include continued base salary payments for a period of one year for our Named Executive Officers with employment agreements, the target amount of the cash bonus for the fiscal year in which the termination occurs and health insurance coverage (for a one-year period). Severance benefits are intended to ease the financial consequences to a Named Executive Officer due to an unplanned termination of employment. We benefit by requiring a general release from a separated Named Executive Officer. In addition, we have included post-termination non-compete and non-solicitation covenants in certain individual employment agreements.

Change of Control Benefits. Our employment agreements with the Named Executive Officers (other than Messrs. Ford, Milcos and Costantini), effective March 1, 2019, provide for change of control benefits in the event of a change of control followed by a termination of employment of two times the sum of annual base salary and the target amount of the cash bonus for the fiscal year in which the termination occurs for our Chief Executive Officer, and one and a half times the sum of annual base salary and the target amount of the cash bonus for the other Named Executive Officers with employment agreements, payable in each case within 60 days of the termination, and health insurance coverage for an 18 month period. Under the employment arrangements with our Named Executive Officers (other than Messrs. Ford, Milcos and Costantini), effective March 1, 2019, the change of control benefits generally require a change of control, followed by a termination of or change in an executive's employment within a two-year period, a so-called "double" trigger mechanism.

Under the 2016 LTIP, unless otherwise provided in the award agreement, (i) unvested awards that are assumed or otherwise replaced in the change of control transaction with an award that is substantially comparable will include a "double" trigger vesting, requiring a termination of employment without cause or for good reason within two years after a change of control and (ii) unvested awards that are not assumed or replaced with substantially comparable awards will have a "single" trigger vesting, which will fully vest the award upon the change of control. Any awards subject to performance goals will be vested as if the performance goal had been

[Table of Contents](#)

achieved at target (regardless of actual performance) and prorated to reflect the portion of the performance period elapsed as of the vesting date. A change of control is defined under the 2016 LTIP as an event that would be considered a “change of control” under Section 409A of the Code and no longer includes the minimum price threshold that applies under the 2006 LTIP. The award agreements for equity awards made under the 2016 LTIP prior to December 1, 2018 include “single” trigger vesting provisions.

During 2018, the Compensation Committee, in consultation with Meridian, reviewed the Company’s approach to change of control benefits of equity awards under the 2016 LTIP and determined that in view of current market practice and the recommendations of proxy advisory services such as ISS, future equity-based awards should be subject to “double” trigger vesting in connection with a change of control transaction. For grants made on or after December 1, 2018, the award agreements for RSU and SAR awards made under the 2016 LTIP include “double” trigger vesting provisions.

Clawback Policy

The Company has adopted an Executive Incentive Compensation Recoupment Policy, or clawback policy, applicable to incentive compensation (*i.e.*, cash bonus or equity based awards based on achievement of a performance metric) that are subsequently the subject of certain material restatements of financial statements, and incentive compensation based on materially inaccurate financial or performance measurements. The clawback policy is applicable to all executive officers subject to Section 16 of the Exchange Act, including the Named Executive Officers. The clawback policy extends to incentive compensation awarded within three completed fiscal years immediately preceding the date on which a material restatement is required or within three completed fiscal years immediately preceding the date on which the Compensation Committee determines that incentive compensation based on materially inaccurate financial or performance measurements has been awarded or paid. Employees covered under the clawback policy shall also be subject to any additional “clawback” or recoupment requirements required by applicable law, including the Dodd-Frank Wall Street Reform and Consumer Protection Act and Section 304 of the Sarbanes-Oxley Act.

Tax and Accounting Implications

One of the factors that the Compensation Committee considers when determining executive compensation is anticipated tax treatment to the Company and to the Named Executive Officers of the various payments and benefits, including under Sections 162(m) and 409A of the Code.

Deductibility of Executive Compensation

Section 162(m) of the Code (“Section 162(m)”) generally limits our tax deductions relating to the compensation paid to certain Named Executive Officers. Limited exceptions to Section 162(m) apply with respect to “qualified performance-based compensation,” as defined in Section 162(m), as well as certain other items of compensation, in each case, that qualify for transition relief applicable to certain arrangements in place as of November 2, 2017. While the Compensation Committee generally considers this limit when determining compensation, the Compensation Committee reserves the right to use its business judgment to authorize compensation payments that may exceed the limitation on deductibility under Section 162(m) when the Compensation Committee believes that such payments are appropriate and when such actions are consistent with our best interests and the best interests of our stockholders. Furthermore, interpretations of and changes in the tax laws, and other factors beyond the Compensation Committee’s control, may also affect the deductibility of compensation.

Certain Awards Deferring or Accelerating the Receipt of Compensation

Section 409A of the Code, imposes requirements applicable to “nonqualified deferred compensation plans”. If a nonqualified deferred compensation plan subject to Section 409A fails to meet, or is not operated in accordance with, these new requirements, then all compensation deferred under the plan may become immediately taxable. We intended that awards granted under the 2006 LTIP comply with the requirements of Section 409A and intend to administer and interpret the 2006 LTIP in such a manner. Similarly, we intend that awards granted under the 2016 LTIP will comply with the requirements of Section 409A and intend to administer and interpret the 2016 LTIP in such a manner.

Role of Executives and Others in Establishing Compensation

During 2018 our Chief Executive Officer, Mr. Eisenberg, reviewed the performance of the Named Executive Officers (other than his own, which was reviewed by the Compensation Committee), and met on a case-by-case basis with each of the other Named Executive Officers to discuss proposed salary adjustments and annual award amounts, which were then presented to the Compensation Committee for approval. The Compensation Committee can exercise discretion in modifying any recommended adjustments or awards to executives. Mr. Eisenberg in his capacity as Chief Executive Officer, attended meetings of the Compensation Committee in 2018.

Hedging Policy

As part of its insider trading policy, the Company has adopted a prohibition on directors, officers and employees of the Company (i) trading in derivative securities of the Company, unless specifically approved in advance in writing by the Company, (ii) engaging in hedging transactions involving the Company's securities, (iii) any short selling of the Company's stock and (iv) holding shares in margin accounts or otherwise pledging shares of stock, except for pledges of shares specifically approved in advance in writing by the Company. There are currently no outstanding pledges of our stock by any of our directors or executive officers.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and based on such review and discussion, the Compensation Committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and the Annual Report on Form 10-K for the year ended December 31, 2018.

- (1) The amounts set forth in the “Bonus” column represents cash amounts of the discretionary portions of the 2018, 2017 and 2016 performance-based annual incentive awards which were paid following the Compensation Committee’s determination of the final amounts earned by the Named Executive Officers.
- (2) The amounts set forth in the “Stock Awards” column for 2018, 2017 and 2016 represent the aggregate grant date fair values of time-based and performance-based RSU awards and MPU awards to the Named Executive Officers, computed in accordance with FASB ASC Topic 718, Compensation — Stock Compensation. For performance-based RSU awards and MPU awards such amounts are based on the probable outcome of the performance conditions as of the grant date. For the MPUs such amounts are based on the vesting of 100% of the MPUs awarded based on achieving the target stock price level. For a discussion of the assumptions used to calculate the grant date fair value of an RSU award and an MPU award shown in the “Stock Awards” column, see Note 4 in our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2018. See “Compensation Discussion and Analysis — Elements of Compensation — Long-Term Equity-Based Incentives and Annual Cash Bonuses” for a further discussion regarding RSU and MPU awards in 2018 and the Outstanding Equity Awards at 2018 Fiscal Year-End Table for a further discussion regarding outstanding RSU and MPU awards. The amounts shown may not correspond to the actual value that may be realized by the named executive officers.

- (1) The date the Compensation Committee approved the issuance of the award.
- (2) The amounts shown represent annual incentive payments payable for fiscal year 2019 to the Named Executive Officers. The actual annual incentive payment amount paid to each of these Named Executive Officers for fiscal year 2018 financial performance targets are shown in the Summary Compensation Table under the “Non-Equity Incentive Plan Compensation” column. For 2018, the incentive payments for the Named Executive Officers are calculated based on a percentage of the executive’s 2018 base salary, determined based on the achievement of specified financial performance targets of the Company for fiscal year 2018. Please see “Compensation Discussion and Analysis — Elements of Compensation — Annual Cash Bonus” for a further discussion regarding the allocation of annual incentive payments with respect to the specified performance targets.
- (3) The amounts shown in the “Target” column represents the value of annual incentive payments payable if the Fiscal 2019 Adjusted EBITDA, Service Revenues, Products Revenues and Cash Generation performance targets are achieved at the 100% level. The amounts shown in the “Threshold” column represent the lower value of annual incentive payments payable if the performance targets are achieved at the 84% level for Fiscal 2019 Adjusted EBITDA, the 93% level for Service Revenues, the 86% level for Product Revenues and the 80% level for Cash Generation. The amounts shown in the “Maximum” column represent the maximum value of annual incentive payments payable if the performance targets are achieved at the 116% level for Fiscal 2019 Adjusted EBITDA, the 107% level for Service Revenues, the 114% level for Product Revenues and the 120% level for Cash Generation, and the maximum amount of the discretionary portion of the annual incentive payments payable upon determination by the Compensation Committee. Please see “Compensation Discussion and Analysis — Elements of Compensation — Annual Cash Bonus” for a further discussion regarding the allocation of annual incentive payments with respect to the specified performance targets.
- (4) On July 31, 2018, our Compensation Committee established an additional 2018 financial performance target based on Cash Generation and granted performance-based RSU awards to each of Messrs. Eisenberg, Stolte, Le Brun, Malone and Milcos. In addition, our Compensation Committee granted Mr. Milcos an additional grant of a performance-based RSU award based on the 2018 Adjusted EBITDA performance measure. The performance-based RSUs vest upon achievement of the specified 2018 financial performance targets and continued employment through the date that our Compensation Committee has determined the performance targets have been achieved. Messrs. Eisenberg, Stolte, Le Brun, Malone and Milcos were granted the following number of performance-based RSU awards, respectively: 25,000, 2,500, 5,000, 5,000 and 10,000. The amounts shown in the “Target” column represent the number of performance-based RSUs that will vest under these awards if the performance targets are achieved at the 100% level. Also on July 31, 2018, Messrs. Eisenberg, Stolte, Le Brun, Malone and Milcos were granted the following number of time-based RSU awards, respectively: 25,000, 2,500, 5,000, 5,000 and 10,000. These time-based RSU awards vested on January 1, 2019. See “Compensation Discussion and Analysis — Elements of Compensation — Long-Term Equity-Based Incentives” for a further discussion regarding time-based RSU awards. See the Outstanding Equity Awards at Fiscal Year-End Table and the related footnotes for additional information regarding these time-based RSU awards.
- (5) On August 20, 2018, in connection with Mr. Ford’s appointment as Executive Vice President and Chief Financial Officer, our Compensation Committee granted Mr. Ford, effective on September 4, 2018 (his employment start date), 4,651 performance-based RSU awards which vest upon achievement of the same 2018 financial performance targets as the performance-based RSU awards made to the other Named Executive Officers with respect to fiscal 2018 and 4,651 time-based RSU awards which vested on January 1, 2019. The performance-based RSUs vest upon achievement of the specified 2018 financial performance targets and continued employment through the date that our Compensation Committee has determined the performance targets have been achieved. The amounts shown in the “Target” column represent the number of performance-based RSUs that will vest under these awards if the performance targets are achieved at the 100% level. Further on August 20, 2018, our Compensation Committee granted 2018-2020 MPUs to Mr. Ford based on the Company’s stock price over a three-year performance period, which were the same as for the 2018-2020 MPUs granted to the other Named Executive Officers in December 2017. A portion of the MPU awards vest at the end of each year in the performance period only if the Company satisfies the stock price targets and continued employment through the date that our Compensation Committee has determined that the stock price targets have been achieved. Mr. Ford’s 2018-2020 MPU award was allocated as a percentage of his 2018 annual base salary as follows: 5% for 2018 and 15% for each of 2019 and 2020. See “Compensation Discussion and Analysis — Elements of our Compensation — Long-Term Equity-Based Incentives” for a further discussion regarding these RSU and MPU awards. See the

- (6) On December 11, 2018, our Compensation Committee established 2019 financial performance targets and granted performance-based RSU awards to each of Messrs. Eisenberg, Ford, Stolte, Le Brun, Malone and Milcos. The amounts shown in the "Target" column represent the number of performance-based RSUs that will vest under these awards if the performance targets are achieved at the 100% level. Further on December 11, 2018, our Compensation Committee granted 2019-2021 MPUs to Messrs. Eisenberg, Ford, Stolte, Le Brun and Malone based on the Company's stock price performance over a three-year performance period. One-third of the MPUs vest at the end of each year in the performance period only if the Company satisfies stock price targets and continued employment through the date that our Compensation Committee has determined that the stock price targets have been achieved. See "Compensation Discussion and Analysis — Elements of Compensation — Long-Term Equity-Based Incentives" for a further discussion regarding performance-based RSU and MPU awards. See the Outstanding Equity Awards at Fiscal Year-End Table and the related footnotes for additional information regarding these RSU and MPU awards.

These time-based RSU awards will vest on January 1, 2020. See "Compensation Discussion and Analysis — Elements of Compensation — Long-Term Equity-Based Incentives" for a further discussion regarding time-based RSU awards. See the Outstanding Equity Awards at Fiscal Year-End Table and the related footnotes for additional information regarding these time-based RSU awards.
- (8) The amounts shown in the "Grant Date Fair Value of Stock and Option Awards" represent the full grant date fair value of the awards computed in accordance with FASB ASC Topic 718 Compensation — Stock Compensation. For a discussion of the assumptions used to calculate the grant date fair value of the performance- and time-based RSUs and MPUs, see Note 4 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2018.
- (9) Although the MPUs are equity incentive plan awards, the payouts are based on a percentage of salary rather than shares or units. In lieu of reporting the estimated probable payments in the table above, the following table reflects the Threshold and Maximum payments in dollars of the MPUs to the Named Executive Officers set forth in the table, assuming the Company's stock price performance during the applicable performance cycle satisfied the Threshold or Maximum levels.

CEO Pay Ratio

We are required to disclose the pay ratio between our Chief Executive Officer's total annual compensation and the median total annual compensation of all employees (excluding the Chief Executive Officer). The pay ratio discussed below is a reasonable estimate calculated in accordance with the applicable rules.

Our Chief Executive Officer had total annual compensation of \$2,587,599 for fiscal 2018 (as reported in the Summary Compensation Table), and our median employee had total annual compensation of \$58,000 for fiscal 2018. Therefore, our Chief Executive Officer's total annual compensation is 44.61 times that of the median of the total annual compensation of all of our employees (excluding the Chief Executive Officer).

For 2018, we identified the median employee by taking the annual base pay of all 779 full-time, part-time, seasonal, and temporary employees employed by us as of December 31, 2018 (excluding the Chief Executive Officer). We did not adjust amounts paid to part-time, seasonal or temporary employees to determine base pay on a full-time basis; however, we annualized the base pay of all permanent employees (full-time and part-time) who were employed on December 31, 2018.

In identifying the median employee, we reviewed the base pay of the relevant employees based on our payroll records. Amounts paid in foreign currencies were converted to U.S. dollars at the spot foreign exchange rates on December 31, 2018 (the last business day of 2018). We did not make any cost-of-living adjustment to the compensation of employees outside of the United States for purposes of determining the median employee. The median employee is located in the United States and had an annual base salary of \$58,000.

Once the median employee was identified, we calculated the median employee's 2018 total annual compensation in accordance with the requirements for calculating the Chief Executive Officer's total annual compensation for 2018 set forth in the Summary Compensation Table. Because we do not regularly track perquisites provided to non-executive officer employees, we have assumed that any perquisites provided to the

[Table of Contents](#)

median employee are de minimis for purposes of determining the median employee's total annual compensation. In addition, the median employee did not participate in any bonus or equity incentive plan for fiscal 2018.

Given the different methodologies that various public companies use to determine an estimate of their pay ratio, we do not believe that the estimated ratio reported above should be used as a basis for comparison between any companies.

CERTAIN RELATIONSHIPS AND TRANSACTIONS WITH RELATED PERSONS

ORBCOMM Europe

We have entered into a service license agreement covering 43 jurisdictions in Europe and a gateway services agreement with ORBCOMM Europe LLC (“ORBCOMM Europe”), a company in which we indirectly own a 49.95% interest. The service license agreement and the gateway services agreement with ORBCOMM Europe contain terms and conditions substantially similar to the service license agreements and the gateway services agreements we have and expect to enter into with other licensees, except for certain more favorable pricing terms. ORBCOMM Europe is owned 50% by Satcom International Group plc (“Satcom”) and 50% by OHB SE (“OHB”). We hold a 99.9% ownership interest in Satcom.

OHB is a substantial stockholder and a direct investor of ours and its Chief Executive Officer, Marco Fuchs, is on our board of directors. In February 2019, our board determined that Mr. Fuchs is an independent director for Nasdaq purposes. See “Board of Directors and Committees” for further information relating to this determination. In addition, Satcom has been appointed by ORBCOMM Europe as a country representative for the United Kingdom, Ireland and Switzerland. ORBCOMM Deutschland, an affiliate of OHB, has been appointed by ORBCOMM Europe as country representative for Germany and holds the relevant regulatory authority and authorization in Germany. OHB-France, a subsidiary of OHB, holds the regulatory authority and authorization in France. In addition, ORBCOMM Europe and Satcom have entered into an agreement obligating ORBCOMM Europe to enter into a country representative agreement for Turkey with Satcom, if the current country representative agreement for Turkey expires or is terminated for any reason.

In connection with the organization of ORBCOMM Europe and the reorganization of our business in Europe, we agreed to grant ORBCOMM Europe approximately \$3.7 million in air time credits. The amount of the grant was equal to the amount owed by ORBCOMM Global L.P. to the European Company for Mobile Communications Services N.V. (“MCS”), the former licensee for Europe of ORBCOMM Global L.P. ORBCOMM Europe, in turn, agreed to issue credits in the aggregate amount of the credits received from us to MCS and its country representatives who were stockholders of MCS. Satcom, as a country representative for the United Kingdom, Ireland and Switzerland, received airtime credits in the amount of \$580,200. ORBCOMM Deutschland, as country representative for Germany, received airtime credits of \$449,800. Because approximately \$2.8 million of the airtime credits were granted to stockholders of MCS who are not related to us and who continue to be country representatives in Europe, we believe that granting of the airtime credits was essential to permit ORBCOMM Europe to reorganize the ORBCOMM business in Europe. The airtime credits have no expiration date. As of December 31, 2018, approximately \$2.0 million of the airtime credits granted by us to ORBCOMM Europe remained unused.

Satcom International Group plc

Satcom is our 99.9%-owned consolidated subsidiary that (i) owns 50% of ORBCOMM Europe, (ii) has entered into country representative agreements with ORBCOMM Europe, covering the United Kingdom, Ireland and Switzerland, and (iii) has entered into a service license agreement with us, covering substantially all of the countries of the Middle East and a significant number of countries of Central Asia, and a gateway services agreement with us. In addition, ORBCOMM Europe and Satcom have entered into an agreement obligating ORBCOMM Europe to enter into a country representative agreement for Turkey with Satcom, if the current country representative agreement for Turkey expires or is terminated for any reason. We believe that the service license agreement and the gateway services agreement between us and Satcom contain terms and conditions substantially similar to those which we have and expect to enter into with other unaffiliated licensees. As of December 31, 2018, Satcom owed us unpaid fees of approximately \$154,000.

As of December 31, 2018, ORBCOMM Europe had a note payable to Satcom in the amount of €1,466,920 (\$1,760,304). This note has the same payment terms as the note payable from ORBCOMM Europe to OHB described below under “— OHB SE” and carries a zero percent interest rate. For accounting purposes, this note has been eliminated in the consolidation of ORBCOMM Europe and Satcom with ORBCOMM Inc.

We have provided Satcom with a \$1,500,000 line of credit for working capital purposes. The revolving loan bears interest at 8% per annum and is secured by all of Satcom’s assets, including its membership interest in

[Table of Contents](#)

ORBCOMM Europe. As of December 31, 2018, Satcom had \$1,813,341 (including accrued interest) outstanding under this line of credit.

OHB SE

We have entered into several agreements with OHB and its affiliates for satellite-related products and services. Marco Fuchs, a director of ours, is Chief Executive Officer and Chairman of the Managing Board of OHB.

During fiscal 2018, LuxSpace, a subsidiary of OHB, paid ORBCOMM AIS, LLC \$1,062,229 for providing AIS data.

On May 21, 2002, we entered into an IVAR agreement with OHB under which OHB has been granted non-exclusive rights to resell our services for applications developed by OHB for the monitoring and tracking of mobile tanks and containers. As of December 31, 2018, OHB had no unpaid fees to us under the IVAR agreement.

In connection with the acquisition of an interest in Satcom (see “— Satcom International Group plc” above), we recorded an indebtedness to OHB arising from a note payable from ORBCOMM Europe to OHB. As of December 31, 2018, the principal balance of the note payable is €1,138,400 and it has a carrying value of \$1,366,080. This note does not bear interest and has no fixed repayment term. Repayment will be made from the distribution profits (as defined in the note agreement) of ORBCOMM Europe.

Employment Arrangements

Marc Eisenberg. On November 8, 2010, we entered into an employment agreement (the “Eisenberg Agreement”) with Marc Eisenberg, our Chief Executive Officer, effective as of December 31, 2010. Upon its effectiveness, the Eisenberg Agreement superseded and replaced any prior employment agreements with Mr. Eisenberg (except for any existing equity award agreements and any of his obligations applicable to the period prior to December 31, 2010) and continued through December 31, 2012. Upon the expiration of the initial term or any extension thereof, the term of the Eisenberg Agreement will be automatically extended by twelve additional calendar months through the next December 31st, unless either party notifies the other party in writing at least 90 days in advance of such expiration that he or it does not want such extension to occur, in which case the term of the Eisenberg Agreement will not be further extended and Mr. Eisenberg’s employment will terminate upon such expiration. Notwithstanding the foregoing, Mr. Eisenberg’s employment with us may be terminated prior to the expiration of the term of the Eisenberg Agreement pursuant to the provisions described below.

The Eisenberg Agreement provides for an annual base salary, currently of \$525,000. In addition to his salary, Mr. Eisenberg is entitled to certain employee benefits, including medical and disability insurance, term life insurance (with a death benefit no less than three times his annual base salary), paid holiday and vacation time and other employee benefits paid by us. Under the Eisenberg Agreement, Mr. Eisenberg is eligible to receive a bonus, payable in cash or cash equivalents, based on a percentage of his base salary dependent upon achieving certain performance targets (both financial and qualitative) established each year by the board of directors. Mr. Eisenberg is entitled to participate in any profit sharing and/or pension plan generally provided for our executives, and in any equity incentive plan established by us in which our senior executives are generally permitted to participate. In the event we elect to relocate Mr. Eisenberg’s position to Dulles, Virginia, Mr. Eisenberg will receive reimbursement from us for any reasonable moving expenses incurred, as reasonably approved by us, up to 50% of his annual base salary.

If Mr. Eisenberg’s employment is terminated (1) by us without “cause” (as defined in the Eisenberg Agreement), (2) as a result of a notice of non-extension of the Eisenberg Agreement provided by us or (3) by him due to a material change in his status, title, position or scope of authority or responsibility during the term of the Eisenberg Agreement, he will be entitled to continue to receive his base salary for a period of one year, payable beginning on the 60th day following his termination of employment (subject to any delay that may be required by Section 409A of the Internal Revenue Code (“Section 409A”)), and continued health insurance coverage for one year following such termination. Mr. Eisenberg’s post-termination payments and insurance coverage are conditioned on his executing a release in favor of us. In addition, the Eisenberg Agreement contains standard

[Table of Contents](#)

covenants relating to confidentiality and assignment of intellectual property rights, a two-year post-employment non-solicitation covenant and a one-year post-employment non-competition covenant. Upon a termination of employment following a “change of control” (as defined in the Eisenberg Agreement and described below under “Potential Service Payments Upon Termination or Change of Control — Change of Control Triggers”), Mr. Eisenberg will be entitled to the same post-employment payments and health insurance coverage as if his employment were terminated by us without “cause” (as described above), unless the successor or transferee company continues his employment on substantially equivalent terms as under the Eisenberg Agreement; provided that if the “change of control” transaction occurs, then the length of the severance period during which Mr. Eisenberg receives continued base salary and coverage under our health insurance plan will be eighteen months. If we elect to relocate Mr. Eisenberg’s position to Dulles, Virginia and he elects not to relocate with the position, upon his voluntary resignation for such reason, Mr. Eisenberg will be entitled to the same post-employment payments and health insurance coverage as if his employment were terminated by us without “cause” (as described above), except that the length of the severance period during which he receives continued base salary and coverage under our health insurance plan will be three months.

We entered into an amended and restated employment agreement (the “Amended Eisenberg Agreement”) with Mr. Eisenberg, effective as of March 1, 2019. Upon its effectiveness, the Amended Eisenberg Agreement will supersede and replace the existing Eisenberg Agreement. The Amended Eisenberg Agreement has an initial term ending on December 31, 2019. Upon the expiration of the initial term or any extension thereof, the term of the Amended Eisenberg Agreement will be automatically extended by twelve additional calendar months through the next December 31st, unless either party notifies the other party in writing at least 90 days in advance of such expiration that he or it does not want such extension to occur, in which case the term of the Amended Eisenberg Agreement will not be further extended, and Mr. Eisenberg’s employment will terminate upon such expiration. Notwithstanding the foregoing, Mr. Eisenberg’s employment with us may be terminated prior to the expiration of the term of the Amended Eisenberg Agreement pursuant to the provisions described below.

The Amended Eisenberg Agreement provides for an annual base salary, currently of \$525,000. In addition to his salary, Mr. Eisenberg is entitled to certain employee benefits, including medical and disability insurance, term life insurance (with a death benefit no less than three times his annual base salary), paid holiday and vacation time and other employee benefits paid by us. Under the Amended Eisenberg Agreement, Mr. Eisenberg is eligible to receive a bonus with a target bonus opportunity equal to 100% of his annual base salary and subject to a maximum payment in an amount, payable in cash, dependent upon achieving certain performance targets (both financial and qualitative) established each year by the board of directors, provided that Mr. Eisenberg is actively employed by us on the last day of the fiscal year for which the bonus is paid and is not terminated with “cause” (as defined in the Amended Eisenberg Agreement) prior to the payment of such bonus. Mr. Eisenberg is entitled to participate in any profit sharing and/or pension plan generally provided for our executives, and in any equity incentive plan established by us in which our senior executives are generally permitted to participate. The Amended Eisenberg Agreement additionally provides for an automobile reimbursement of \$1,200 a month.

If Mr. Eisenberg’s employment is terminated (1) by us without cause, (2) as a result of a notice of non-extension of the Amended Eisenberg Agreement provided by us or (3) by him due to a material change in his status, title, position or scope of authority or responsibility during the term of the Amended Eisenberg Agreement, he will be entitled to receive an amount equal to the sum of (A) his base salary for a period of one year, payable beginning on the 60th day following his termination of employment (subject to any delay that may be required by Section 409A) and (B) the amount equal to the Target Bonus for the calendar year in which his termination of employment occurs, payable in equal installments over a twelve-month period (the “Eisenberg Post-Termination Payments”), and continued health insurance coverage for one year following such termination. The Eisenberg Post-Termination Payments and insurance coverage are conditioned on his executing a release in favor of us. In addition, the Amended Eisenberg Agreement contains standard covenants relating to confidentiality and assignment of intellectual property rights, a two-year post-employment non-solicitation covenant, a two-year post-employment non-competition covenant, and a covenant to comply with Company policies, including any applicable compensation recoupment policy then in effect.

Upon a termination of employment by us without “cause,” by Mr. Eisenberg due a material change in his status, title, position, scope of authority or responsibility, or if the successor in a “change of control” (as defined

[Table of Contents](#)

in the Amended Eisenberg Agreement and described below under “Potential Service Payments Upon Termination or Change of Control — Change of Control Triggers”) transaction does not continue his employment on substantially equivalent terms as under the Amended Eisenberg Agreement, in each case, within the eighteen-month period following a change of control, subject to the execution of a release in favor of us, Mr. Eisenberg will be entitled to receive an amount equal to two times the Eisenberg Post-Termination Payments (payable in a lump sum on the 60th day following his termination of employment) and continued health insurance coverage for a period of eighteen months.

Michael W. Ford. On August 20, 2018, we entered into an offer letter with Mr. Ford (the “Ford Offer Letter”), our Executive Vice President and Chief Financial Officer, pursuant to which Mr. Ford receives an annual base salary for 2018 of \$310,000 per year and a target annual cash bonus opportunity for fiscal 2018 of 75% of his annual base salary, prorated for the number of days of days in calendar year 2018 that he is employed by us, subject to achieving certain financial performance targets for fiscal year 2018 established by the Compensation Committee.

In addition, under the terms of the Ford Offer Letter, Mr. Ford received an award of 4,651 time-vested RSUs under the 2016 LTIP, effective as of his employment start date, which vested on January 1, 2019. Mr. Ford also received an award of 4,651 performance vested RSUs under the 2016 LTIP, effective as of his employment start date, which are subject to the same 2018 performance targets established by the Compensation Committee as for the annual cash bonus. In addition, Mr. Ford received an award of performance units in the amount and with the vesting schedule consistent with the performance unit awards of our other senior executives for the fiscal 2018 to 2020 performance periods (except that for the 2018 performance period the amount of the performance unit award shall be up to 5% of his 2018 annual base salary (representing a prorated amount based on the number of days in calendar year 2018 he is employed by us) and up to 15% of his 2018 annual base salary for the 2019 and 2020 performance periods), which performance unit awards are subject to achievement of the vesting performance targets based on our common stock’s price performance for the fiscal years 2018, 2019 and 2020 in the same manner for our other senior executives.

John J. Stolte, Jr. On November 8, 2010, we entered into an employment agreement (the “Stolte Agreement”) with John Stolte, our Executive Vice President — Technology and Operations, effective as of December 31, 2010. Upon its effectiveness, the Stolte Agreement superseded and replaced any previous employment agreements with Mr. Stolte (except for any existing equity award agreements and any of his obligations applicable to the period prior to December 31, 2010) and continued through December 31, 2012. Upon the expiration of the initial term or any extension thereof, the term of the Stolte Agreement will be automatically extended by twelve additional calendar months through the next December 31st, unless either party notifies the other party in writing at least 90 days in advance of such expiration that he or it does not want such extension to occur, in which case the term of the Stolte Agreement will not be further extended and Mr. Stolte’s employment will terminate upon such expiration. Notwithstanding the foregoing, Mr. Stolte’s employment with us may be terminated prior to the expiration of the term of the Stolte Agreement pursuant to the provisions described below.

The Stolte Agreement provides for an annual base salary, currently \$275,000. In addition to his salary, Mr. Stolte is entitled to certain employee benefits, including medical and disability insurance, term life insurance, paid holiday and vacation time and other employee benefits paid by the Company. Under the Stolte Agreement, Mr. Stolte is eligible to receive a bonus based on a percentage of his base salary dependent upon achieving certain performance targets (both financial and qualitative) established each year by the board of directors. Mr. Stolte is entitled to participate in any profit sharing and/or pension plan generally provided for our executives, and in any equity incentive plan established by us in which our senior executives are generally permitted to participate.

If Mr. Stolte’s employment is terminated (1) by reason of his death or disability, (2) by us without “cause” (as defined in the Stolte Agreement) or (3) as a result of a notice of non-extension of the Stolte Agreement provided by us, either he or his estate will be entitled to continue to receive his base salary for a period of one year, payable beginning on the 60th day following his termination of employment (subject to any delay that may be required by Section 409A). Mr. Stolte’s post-termination payments are conditioned on his executing a release

[Table of Contents](#)

in favor of us. In addition, the Stolte Agreement contains standard covenants relating to confidentiality and assignment of intellectual property rights, a two-year post-employment non-solicitation covenant and a one-year post-employment non-competition covenant. Upon a termination of his employment following a “change of control” (as defined in the Stolte Agreement and described below under “Potential Service Payments Upon Termination or Change of Control — Change of Control Triggers”), Mr. Stolte will be entitled to the same post-employment payments as if his employment were terminated by us without “cause” (as described above), unless the successor or transferee company continues his employment on substantially equivalent terms as under the Stolte Agreement; provided that if the “change of control” transaction occurs, then the length of the severance period during which Mr. Stolte receives continued base salary will be eighteen months.

We entered into an amended and restated employment agreement (the “Amended Stolte Agreement”) with Mr. Stolte, effective as of March 1, 2019. Upon its effectiveness, the Amended Stolte Agreement will supersede and replace the existing Stolte Agreement. The Amended Stolte Agreement has an initial term ending on December 31, 2019. Upon the expiration of the initial term or any extension thereof, the term of the Amended Stolte Agreement will be automatically extended by twelve additional calendar months through the next December 31st, unless either party notifies the other party in writing at least 90 days in advance of such expiration that he or it does not want such extension to occur, in which case the term of the Amended Stolte Agreement will not be further extended, and Mr. Stolte’s employment will terminate upon such expiration. Notwithstanding the foregoing, Mr. Stolte’s employment with us may be terminated prior to the expiration of the term of the Amended Stolte Agreement pursuant to the provisions described below.

The Amended Stolte Agreement provides for an annual base salary, currently of \$275,000. In addition to his salary, Mr. Stolte is entitled to certain employee benefits, including medical and disability insurance, term life insurance, paid holiday and vacation time and other employee benefits paid by us. Under the Amended Stolte Agreement, Mr. Stolte is eligible to receive a bonus with a target bonus opportunity equal to up to 75% of his annual base salary and subject to a maximum payment in an amount, payable in cash, dependent upon achieving certain performance targets (both financial and qualitative) established each year by the board of directors, provided that Mr. Stolte is actively employed by us on the last day of the fiscal year for which the bonus is paid and is not terminated with “cause” (as defined in the Amended Stolte Agreement) prior to the payment of such bonus. Mr. Stolte is entitled to participate in any profit sharing and/or pension plan generally provided for our executives, and in any equity incentive plan established by us in which our senior executives are generally permitted to participate.

If Mr. Stolte’s employment is terminated (1) by us without cause or (2) as a result of a notice of non-extension of the Amended Stolte Agreement provided by us during the term of the Amended Stolte Agreement, he will be entitled to receive an amount equal to the sum of (A) his base salary for a period of one year, payable beginning on the 60th day following his termination of employment (subject to any delay that may be required by Section 409A) and (B) the amount equal to the target bonus opportunity for the calendar year in which his termination of employment occurs, payable in equal installments over a twelve-month period (the “Stolte Post-Termination Payments”), and continued health insurance coverage for one year following such termination. If Mr. Stolte’s employment is terminated as a result of his death or disability during the term of the Amended Stolte Agreement, he (or his estate) will be entitled to receive an amount equal to his base salary for a period of one year and only to the extent his employment is terminated as a result of his disability, continued health insurance coverage for one year following such termination. The Stolte Post-Termination Payments and insurance coverage are conditioned on his executing a release in favor of us. In addition, the Amended Stolte Agreement contains standard covenants relating to confidentiality and assignment of intellectual property rights, a two-year post-employment non-solicitation covenant (only to the extent Mr. Stolte receives post-termination payments), a one-year post-employment non-competition covenant (only to the extent Mr. Stolte receives post-termination payments), and a covenant to comply with Company policies, including any applicable compensation recoupment policy then in effect.

Upon a termination of employment by us without “cause” within the eighteen-month period following a change of control, subject to the execution of a release in favor of us, Mr. Stolte will be entitled to receive an amount equal to one and one-half times the Stolte Post-Termination Payments (payable in a lump sum on the 60th

day following his termination of employment) and continued health insurance coverage for a period of eighteen months.

Christian G. Le Brun. On November 8, 2010, we entered into an employment agreement (the “Le Brun Agreement”) with Christian Le Brun, our Executive Vice President and General Counsel, effective as of December 31, 2010. Upon its effectiveness, the Le Brun Agreement superseded and replaced any previous employment agreements with Mr. Le Brun (except for any existing equity award agreements and any of his obligations applicable to the period prior to December 31, 2010) and continued through December 31, 2012. Upon the expiration of the initial term or any extension thereof, the term of the Le Brun Agreement will be automatically extended by twelve additional calendar months through the next December 31st, unless either party notifies the other party in writing at least 90 days in advance of such expiration that he or it does not want such extension to occur, in which case the term of the Le Brun Agreement will not be further extended and Mr. Le Brun’s employment will terminate upon such expiration. Notwithstanding the foregoing, Mr. Le Brun’s employment with us may be terminated prior to the expiration of the term of the Le Brun Agreement pursuant to the provisions described below.

The Le Brun Agreement provides for an annual base salary, currently \$265,000. In addition to his salary, Mr. Le Brun is entitled to certain employee benefits, including medical and disability insurance, term life insurance, paid holiday and vacation time and other employee benefits paid by us. Under the Le Brun Agreement, Mr. Le Brun is eligible to receive a bonus based on a percentage of his base salary dependent upon achieving certain performance targets (both financial and qualitative) established each year by the board of directors. Mr. Le Brun is entitled to participate in any profit sharing and/or pension plan generally provided for our executives, and in any equity incentive plan established by us in which our executives are generally permitted to participate. In the event we elect to relocate Mr. Le Brun’s position to Dulles, Virginia, Mr. Le Brun will receive reimbursement from us for any reasonable moving expenses incurred, as reasonably approved by us, up to 50% of his annual base salary.

If Mr. Le Brun’s employment is terminated (1) by us without “cause” (as defined in the Le Brun Agreement) or (2) as a result of a notice of non-extension of the Le Brun Agreement provided by us, he will be entitled to continue to receive his base salary for a period of one year, payable beginning on the 60th day following his termination of employment (subject to any delay that may be required by Section 409A). Mr. Le Brun’s post-termination payments are conditioned on his executing a release in favor of us. In addition, the Le Brun Agreement contains standard covenants relating to confidentiality and assignment of intellectual property rights, a two-year post-employment non-solicitation covenant and a one-year post-employment non-competition covenant. Upon a termination of employment following a “change of control” (as defined in the Le Brun Agreement and described below under “Potential Service Payments Upon Termination or Change of Control —Change of Control Triggers”), Mr. Le Brun will be entitled to the same post-employment payments as if his employment were terminated by us without “cause” (as described above), unless the successor or transferee company continues his employment on substantially equivalent terms as under the Le Brun Agreement; provided that if the “change of control” transaction occurs, then the length of the severance period during which Mr. Le Brun receives continued base salary will be eighteen months. If we elect to relocate Mr. Le Brun’s position to Dulles, Virginia and he elects not to relocate with the position, upon his voluntary resignation for such reason, Mr. Le Brun will be entitled to the same post-employment payments as if his employment were terminated by us without “cause” as described above, except that length of the severance period during which he receives continued base salary will be three months.

We entered into an amended and restated employment agreement (the “Amended Le Brun Agreement”) with Mr. Le Brun, effective as of March 1, 2019. Upon its effectiveness, the Amended Le Brun Agreement will supersede and replace the existing Le Brun Agreement. The Amended Le Brun Agreement has an initial term ending on December 31, 2019. Upon the expiration of the initial term or any extension thereof, the term of the Amended Le Brun Agreement will be automatically extended by twelve additional calendar months through the next December 31st, unless either party notifies the other party in writing at least 90 days in advance of such expiration that he or it does not want such extension to occur, in which case the term of the Amended Le Brun Agreement will not be further extended, and Mr. Le Brun’s employment will terminate upon such expiration.

Notwithstanding the foregoing, Mr. Le Brun's employment with us may be terminated prior to the expiration of the term of the Amended Le Brun Agreement pursuant to the provisions described below.

The Amended Le Brun Agreement provides for an annual base salary, currently of \$265,000. In addition to his salary, Mr. Le Brun is entitled to certain employee benefits, including medical and disability insurance, term life insurance, paid holiday and vacation time and other employee benefits paid by us. Under the Amended Le Brun Agreement, Mr. Le Brun is eligible to receive a bonus with a target bonus opportunity equal to up to 75% of his annual base salary and subject to a maximum payment in an amount, payable in cash, dependent upon achieving certain performance targets (both financial and qualitative) established each year by the board of directors, provided that Mr. Le Brun is actively employed by us on the day on which the bonus is paid and is not terminated with "cause" (as defined in the Amended Le Brun Agreement) prior to the payment of such bonus. Mr. Le Brun is entitled to participate in any profit sharing and/or pension plan generally provided for our executives, and in any equity incentive plan established by us in which our senior executives are generally permitted to participate.

If Mr. Le Brun's employment is terminated (1) by us without cause or (2) as a result of a notice of non-extension of the Amended Le Brun Agreement provided by us during the term of the Amended Le Brun Agreement, he will be entitled to receive an amount equal to the sum of (A) his base salary for a period of one year, payable beginning on the 60th day following his termination of employment (subject to any delay that may be required by Section 409A) and (B) the amount equal to the target bonus opportunity for the calendar year in which his termination of employment occurs, payable in equal installments over a twelve-month period (the "Le Brun Post-Termination Payments"), and continued health insurance coverage for one year following such termination. The Le Brun Post-Termination Payments and insurance coverage are conditioned on his executing a release in favor of us. In addition, the Amended Le Brun Agreement contains standard covenants relating to confidentiality and assignment of intellectual property rights, a two-year post-employment non-solicitation covenant, a one-year post-employment non-competition covenant, and a covenant to comply with Company policies, including any applicable compensation recoupment policy then in effect.

Upon a termination of employment by us without "cause" within the eighteen-month period following a change of control, subject to the execution of a release in favor of us, Mr. Le Brun will be entitled to receive an amount equal to one and one-half times the Le Brun Post-Termination Payments (payable in a lump sum on the 60th day following his termination of employment) and continued health insurance coverage for a period of eighteen months.

Craig E. Malone. We entered into an employment agreement (the "Malone Agreement") with Craig E. Malone, our Executive Vice President — Product Development, effective as of August 1, 2017. Upon its effectiveness, the Malone Agreement superseded and replaced any previous agreements, arrangements and understandings with Mr. Malone with respect to his employment (except for any existing equity award agreements) and its initial term was from that date through December 31, 2017. Upon the expiration of the initial term or any extension thereof, the term of the Malone Agreement will be automatically extended by twelve additional calendar months through the next December 31st, unless either party notifies the other party in writing at least 90 days in advance of such expiration that he or it does not want such extension to occur, in which case the term of the Malone Agreement will not be further extended and Mr. Malone's employment will terminate upon such expiration. Notwithstanding the foregoing, Mr. Malone's employment with us may be terminated prior to the expiration of the term of the Malone Agreement pursuant to the provisions described below.

The Malone Agreement provides for an annual base salary, which is currently \$275,000. In addition to his salary, Mr. Malone is entitled to certain employee benefits, including medical and disability insurance, term life insurance, paid holiday and vacation time and other employee benefits paid by the Company. Under the Malone Agreement, Mr. Malone is eligible to receive a bonus based on a percentage of his base salary dependent upon achieving certain performance targets (both financial and qualitative) established each year by the board of directors. Mr. Malone is entitled to participate in any profit sharing and/or pension plan generally provided for our executives, and in any equity incentive plan established by us in which our executives are generally permitted to participate.

If Mr. Malone's employment is terminated (1) by reason of his disability, (2) by us without "cause" (as defined in the Malone Agreement) or (3) as a result of a notice of non-extension of the Malone Agreement provided by us, he will be entitled to continue to receive his base salary for a period of one year, payable in regular installments consistent with our payroll practices, payable beginning on the 60th day following his termination of employment (subject to any delay that may be required by Section 409A), and continued health insurance coverage for one year following such termination. Mr. Malone's post-termination payments and insurance coverage are conditioned on his executing a release in favor of us. In addition, the Malone Agreement contains standard covenants relating to confidentiality and assignment of intellectual property rights, a two-year post-employment non-solicitation covenant and a one-year post-employment non-competition covenant. Upon a termination of his employment following a "change of control" (as defined in the Malone Agreement and described below under "Potential Service Payments Upon Termination or Change of Control — Change of Control Triggers"), Mr. Malone will be entitled to the same post-employment payments and health insurance coverage as if his employment were terminated by us without "cause" (as described above), unless the successor or transferee company continues his employment on substantially equivalent terms as under the Malone Agreement; provided that if the "change of control" transaction occurs, then the length of the severance period during which Mr. Malone receives continued base salary and coverage under our health insurance plan will be eighteen months.

We entered into an amended and restated employment agreement (the "Amended Malone Agreement") with Mr. Malone, effective as of March 1, 2019. Upon its effectiveness, the Amended Malone Agreement will supersede and replace the existing Malone Agreement. The Amended Malone Agreement has an initial term ending on December 31, 2019. Upon the expiration of the initial term or any extension thereof, the term of the Amended Malone Agreement will be automatically extended by twelve additional calendar months through the next December 31st, unless either party notifies the other party in writing at least 90 days in advance of such expiration that he or it does not want such extension to occur, in which case the term of the Amended Malone Agreement will not be further extended, and Mr. Malone's employment will terminate upon such expiration. Notwithstanding the foregoing, Mr. Malone's employment with us may be terminated prior to the expiration of the term of the Amended Malone Agreement pursuant to the provisions described below.

The Amended Malone Agreement provides for an annual base salary, currently of \$275,000. In addition to his salary, Mr. Malone is entitled to certain employee benefits, including medical and disability insurance, term life insurance, paid holiday and vacation time and other employee benefits paid by us. Under the Amended Malone Agreement, Mr. Malone is eligible to receive a bonus with a target bonus opportunity equal to up to 75% of his annual base salary and subject to a maximum payment in an amount, payable in cash, dependent upon achieving certain performance targets (both financial and qualitative) established each year by the board of directors, provided that Mr. Malone is actively employed by us on the last day of the fiscal year for which the bonus is paid and is not terminated with "cause" (as defined in the Amended Malone Agreement) prior to the payment of such bonus. Mr. Malone is entitled to participate in any profit sharing and/or pension plan generally provided for our executives, and in any equity incentive plan established by us in which our senior executives are generally permitted to participate.

If Mr. Malone's employment is terminated (1) by us without cause or (2) as a result of a notice of non-extension of the Amended Malone Agreement provided by us during the term of the Amended Malone Agreement, he will be entitled to receive an amount equal to the sum of (A) his base salary for a period of one year, payable beginning on the 60th day following his termination of employment (subject to any delay that may be required by Section 409A) and (B) the amount equal to the target bonus opportunity for the calendar year in which his termination of employment occurs, payable in equal installments over a twelve-month period (the "Malone Post-Termination Payments"), and continued health insurance coverage for one year following such termination. If Mr. Malone's employment is terminated as a result of his disability during the term of the Amended Malone Agreement, he will be entitled to continue to receive an amount equal to his base salary for a period of one year and continued health insurance coverage for one year following such termination. The Malone Post-Termination Payments and insurance coverage are conditioned on his executing a release in favor of us. In addition, the Amended Malone Agreement contains standard covenants relating to confidentiality and assignment of intellectual property rights, a two-year post-employment non-solicitation covenant (only to the extent

Mr. Malone receives post-termination payments), a one-year post-employment non-competition covenant (only to the extent Mr. Malone receives post-termination payments), and a covenant to comply with Company policies, including any applicable compensation recoupment policy then in effect.

Upon a termination of employment by us without “cause” within the eighteen-month period following a change of control, subject to the execution of a release in favor of us, Mr. Malone will be entitled to receive an amount equal to one and one-half times the Malone Post-Termination Payments (payable in a lump sum on the 60th day following his termination of employment) and continued health insurance coverage for a period of eighteen months.

Robert Costantini. On November 8, 2010, we entered into an employment agreement (the “Costantini Employment Agreement”), effective as of December 31, 2010, with Robert G. Costantini, who served as our Executive Vice President and Chief Financial Officer until May 17, 2018. Upon its effectiveness, the Costantini Employment Agreement superseded and replaced any prior employment agreements with Mr. Costantini (except for any existing equity award agreements and any of his obligations applicable to the period prior to December 31, 2010) and continued through December 31, 2012. Upon the expiration of the initial term or any extension thereof, the term of the Costantini Employment Agreement was automatically extended by twelve additional calendar months through the next December 31st, unless either party notified the other party in writing at least 90 days in advance of such expiration that he or it did not want such extension to occur, in which case the term of the Costantini Employment Agreement would not be further extended and Mr. Costantini’s employment would terminate upon such expiration.

The Costantini Employment Agreement provided for an annual base salary of \$320,000. In addition to his salary, Mr. Costantini was entitled to certain employee benefits, including medical and disability insurance, term life insurance, paid holiday and vacation time and other employee benefits paid by us. Under the Costantini Employment Agreement, Mr. Costantini was eligible to receive a bonus, payable in cash or cash equivalents, based on a percentage of his base salary dependent upon achieving certain performance targets (both financial and qualitative) established each year by the board of directors. Mr. Costantini was entitled to participate in any profit sharing and/or pension plan generally provided for our executives, and in any equity incentive plan established by us in which our senior executives are generally permitted to participate.

If Mr. Costantini’s employment is terminated (1) by us without “cause” (as defined in the Costantini Employment Agreement), (2) as a result of a notice of non-extension of the Costantini Employment Agreement provided by us or (3) by him due to a material change in his status, title, position or scope of authority or responsibility during the term of the Costantini Employment Agreement, he would be entitled to continue to receive his base salary for a period of one year, payable beginning on the 60th day following his termination of employment (subject to any delay that may be required by Section 409A), and continued health insurance coverage for one year following such termination. Mr. Costantini’s post-termination payments and insurance coverage are conditioned on his executing a release in favor of us. In addition, the Costantini Employment Agreement contained standard covenants relating to confidentiality and assignment of intellectual property rights, a two-year post-employment non-solicitation covenant and a one-year post-employment non-competition covenant. Upon a termination of employment following a “change of control” (as defined in the Costantini Employment Agreement), Mr. Costantini would be entitled to the same post-employment payments and health insurance coverage as if his employment were terminated by us without “cause” (as described above), unless the successor or transferee company continues his employment on substantially equivalent terms as under the Costantini Employment Agreement; provided that if the “change of control” transaction occurs, then the length of the severance period during which Mr. Costantini receives continued base salary and coverage under our health insurance plan will be eighteen months.

In connection with Mr. Costantini’s resignation as our Executive Vice President and Chief Financial Officer, on May 22, 2018, we entered into a letter agreement with him (the “Costantini Letter Agreement”) confirming that he would be entitled to receive certain salary continuation and other severance benefits for a termination of his employment by us without “cause,” as set forth in the Costantini Employment Agreement and as further described above. Under the terms of the Costantini Letter Agreement, Mr. Costantini’s unvested 7,530 time-based RSUs and 7,530 performance-based RSUs previously granted for fiscal year 2018 vest on their

original vesting dates as if he remained employed through the applicable vesting dates, subject, in the case of the performance-based RSUs, to achievement of the performance targets established for fiscal year 2018.

Indemnity Agreements

We have entered into indemnification agreements with each of our directors. In addition, we have entered into indemnification agreements with certain of our executive officers in their capacity as our executive officers and as directors of certain of our subsidiaries. Each indemnification agreement provides that we will, subject to certain exceptions, indemnify the indemnified person in respect of any and all expenses incurred as a result of any threatened, pending or completed action, suit or proceedings involving the indemnified person and relating to the indemnified person's service as an executive officer or director of ours. We will also indemnify the indemnified person to the fullest extent as may be provided under the provisions of our By-Laws and Delaware law. The indemnification period lasts for as long as the indemnified person is an executive officer or director of ours and continues if the indemnified person is subject to any possible claim or threatened, pending or completed action, suit or proceeding, whether civil, criminal, arbitration, administrative or investigative, by reason of fact that the indemnified person was serving in such capacity. Upon request, we must advance all expenses incurred by the indemnified person in connection with any proceeding, provided the indemnified person undertakes to repay the advanced amounts if it is determined ultimately that the indemnified person is not entitled to be indemnified under any provision of the indemnification agreement, our By-Laws, Delaware law or otherwise.

Policies and Procedures for Related Person Transactions

Pursuant to the Audit Committee's charter and applicable Nasdaq rules, the Audit Committee is responsible for reviewing and approving all related party transactions (as defined by the Nasdaq rules).

POTENTIAL SERVICE PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

The following tables below reflect the amount of compensation payable to each Named Executive Officer in the event of termination of such executive's employment or upon a change of control based on the applicable provisions of the Named Executive Officer's employment arrangements, RSU award agreements, SAR award agreements and MPU award agreements. The amount of compensation payable to each Named Executive Officer upon voluntary termination, termination without cause, non-extension of employment agreement, termination related to relocation, change of control, disability or death is shown below for Messrs. Eisenberg, Ford, Stolte, Le Brun, Malone, Milcos and Costantini. All severance payments to the Named Executive Officers under their employment agreements, if any, are conditioned on the execution of a release discharging the Company of any claims or liabilities in relation to the Named Executive Officer's employment with the Company. The tables assume an effective date of a change of control and termination of employment on December 31, 2018 and the amount of compensation payable to each Named Executive Officer is based upon the employment arrangement, if any, for such Named Executive Officer as in effect as of that date, except for Mr. Costantini whose description reflects his actual compensation paid. See "Certain Relationships and Transactions with Related Persons — Employment Arrangements" for descriptions of the employment arrangements currently in effect for our Named Executive Officers.

Change of Control Triggers

For the purposes of the severance payments under the Named Executive Officer employment arrangements, "change of control" means:

- the Company's merger or consolidation with another corporation or entity;
- the Company's transfer of all or substantially all of its assets to another person, corporation, or other entity; or
- a sale of the Company's stock in a single transaction or series of related transactions that results in the holders of the outstanding voting power of the Company immediately prior to such transaction or series of transactions owning less than a majority of the outstanding voting securities for the election of directors of the surviving company or entity immediately following such transaction or series of transactions (other than any registered, underwritten public offering by the Company of the Company's stock or pursuant to any stock-based compensation plan of the Company).

For purposes of the SAR awards granted under the 2006 LTIP, awards will vest upon the effective date of a "change of control" having a value in excess of \$6.045 per share where "change of control" means an event that would be considered a change of control under Section 409A of the Code and the regulations issued thereunder, which includes:

- the acquisition by a person or group of beneficial ownership of more than 50% of the total fair market value or total voting power of the outstanding stock of the Company;
- the acquisition by a person or group, within a 12-month period, of beneficial ownership of 30% or more of the total voting power of the outstanding stock of the Company;
- a majority of our board of directors is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the board prior to the date of the appointment or election; or
- the acquisition by a person or group of a substantial portion of the Company's assets (40% or more of the total gross fair market value) within a 12-month period, unless the recipient of the assets is (i) a subsidiary of the Company, (ii) shareholder(s) owning 50% or more of the total value or voting power of the outstanding stock of the Company, (iii) an entity at least 50% owned by shareholder(s) described in clause (ii), or (iv) shareholder(s) receiving the assets in exchange for or with respect to the Company's stock.

MPU awards granted under the 2006 LTIP will vest upon the effective date of a "change of control" where "change of control" has the meaning described above.

[Table of Contents](#)

For purposes of the RSU awards and SAR awards granted under the 2016 LTIP, except as otherwise provided in the applicable award agreement, (i) awards that are assumed or otherwise replaced in a “change of control” transaction with an award that is substantially comparable in terms of type, intrinsic value and other terms and conditions will vest upon a “double” trigger (i.e., upon certain terminations of employment without cause or for good reason) within two years after a “change of control”, (ii) awards that are not assumed or otherwise replaced in the change of control become fully vested and payable upon a change of control (except as otherwise provided in the award agreement) and (iii) awards subject to the achievement of performance goals will be fully vested and payable as if the performance goals had been achieved at target, prorated to reflect the portion of the performance period elapsed as of the termination event. The award agreements for RSU awards and SAR awards under the 2016 LTIP granted prior to December 1, 2018 provide that outstanding awards will vest immediately upon the effective date of a change of control; however, the award agreements for RSU awards and SAR awards under the 2016 LTIP grants on or after December 1, 2018 do not so provide and the “double” trigger change of control provisions would apply. Under the 2016 LTIP, “change of control” means an event that would be considered a change of control under Section 409A of the Code and the regulations issued thereunder, which includes:

- the acquisition by a person or group of beneficial ownership of more than 50% of the fair market value or voting power of our outstanding stock;
- the acquisition by a person or group that acquires, within a 12-month period, 30% or more of the total voting power of our outstanding stock;
- a majority of our board of directors is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the board of directors prior to the date of the appointment or election; or
- a sale of a substantial portion of our assets (40% or more of the total gross fair market value) within a 12-month period, unless the transfer of the assets is to (i) an entity that is controlled by our shareholders immediately after the transfer, (ii) shareholders of ours (immediately before the transfer) in exchange for our common stock, (iii) a subsidiary of ours in which we own 50% or more of the total value or voting power, (iv) shareholders of ours owning 50% or more of the total value or voting power of our company or (v) an entity of which at least 50% of the total value or voting power is owned by shareholders described in clause (iv).

MPU awards granted under the 2016 LTIP will vest upon the effective date of a “change of control” where “change of control” has the meaning described above.

Post-Termination Covenants

The RSU awards and SAR awards are subject to a non-competition provision restricting the Named Executive Officer’s employment with a competitor for six months following termination. The RSU awards and SAR awards are also subject to a non-solicitation provision restricting the Named Executive Officer from soliciting certain business or recruiting certain of the Company’s employees for one year following termination. If the Company determines that the Named Executive Officer violated these provisions of the RSU award or SAR award, the Named Executive Officer will forfeit all rights to any RSUs or SARs under the awards and will have to return to the Company the value of any RSUs or SARs awarded to the Named Executive Officer by the Company. The Named Executive Officers are also subject to post-termination non-competition, non-solicitation and confidentiality provisions in their employment agreements. See “Certain Relationships and Transactions with Related Persons — Employment Agreements”.

The Audit Committee believes that the continued retention of Grant Thornton as our independent registered public accounting firm is in the best interest of the Company and our shareholders, and we are asking our shareholders to ratify the appointment of Grant Thornton as our independent registered public accounting firm for the fiscal year ended December 31, 2019. We expect that representatives of Grant Thornton will be present at the Annual Meeting to respond to appropriate questions and to make a statement if they desire to do so.

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION (PROPOSAL 3)

We are providing our shareholders with the opportunity to cast an advisory vote to approve executive compensation as described below, as required by Section 14A of the Exchange Act. Currently, shareholders cast an advisory vote on executive compensation annually.

Our executive compensation philosophy is to create a system that rewards executives for performance and focuses our management team on the critical short-term and long-term objectives. The primary objectives of our executive compensation programs are to attract, motivate and retain talented and dedicated executives, to link annual and long-term cash and stock incentives to achievement of specified performance objectives, and to align executives' incentives with shareholder value creation. To achieve these objectives, the Compensation Committee has implemented compensation programs that make a substantial portion of the executives' overall compensation contingent upon achieving key short-term business and long-term strategic goals established by our board of directors or the Compensation Committee based on key drivers in areas such as profitability and growth. We use base salaries and time-based equity awards to provide current income and retention incentives and a combination of cash and stock-based compensation that reward performance measured against various corporate and individual performance goals based on key business drivers. Our performance targets are based on our annual business plan and we believe that they are established at levels that are achievable if we execute our business plan. By providing for significant incentives for exceeding certain targets, we motivate our Named Executive Officers to achieve strategic business objectives that result in the creation of value to us and our shareholders over the long-term. For example, a large percentage of the Named Executive Officers' annual cash bonus opportunity and performance-based equity awards are based on metrics for profitability and revenue growth, which we believe are important measures of the performance of our business and share price, which measures the value provided to our shareholders. We believe the design of our compensation programs, which we have used over the past several years and continue to use for 2018, provides the appropriate balance for motivating and retaining our Named Executive Officers while providing appropriate rewards for demonstrated performance. The Compensation Committee's goal is to set executive compensation at levels the committee believes are competitive against compensation offered by other rapidly growing companies of similar size and stage of development against whom we compete for executive talent in the communications industry, while taking into account our performance and our own strategic goals. The Compensation Discussion and Analysis contained in this proxy statement describes our executive compensation program and the decisions made by the Compensation Committee in fiscal 2018 in more detail.

Accordingly, we ask our shareholders to vote on the following resolution at the Annual Meeting:

“RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2019 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2018 Summary Compensation Table and the other related tables and disclosure.”

As an advisory vote, this proposal is not binding upon us. However, the Compensation Committee, which is responsible for designing and administering our executive compensation program, values the opinions expressed by shareholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for named executive officers

The board of directors recommends that you vote “FOR” the proposal regarding an advisory vote to approve executive compensation presented, which is presented as Proposal 3.

OTHER MATTERS

The board of directors is not aware of any other matters to be presented for action by the shareholders at the Annual Meeting. In the event of a vote on any matters other than those referred to in the accompanying Notice of 2018 Annual Meeting of Shareholders properly come before the meeting, proxies in the accompanying form will be voted in accordance with the best judgment of the persons voting such proxies.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based on our review of the copies of such forms that we have received and written representations from certain reporting persons confirming that they were not required to file Forms 5 for specified fiscal years, we believe that all our executive officers, directors and greater than ten percent beneficial owners complied with applicable SEC filing requirements under Section 16(a) during fiscal year 2018.
